

KELLER WILL PLEAD GUILTY AT SCRANTON

James Nevin Keller, 31, accused of robbing the National Bank of Gettysburg last November of \$25,782, was scheduled to enter a guilty plea this afternoon to two charges brought against him in federal court.

Attorney Charles W. Wolf, Baltimore St., retained by Keller's parents, Mr. and Mrs. Harold W. Keller, Gettysburg R. D., to represent their son, said this morning that he had advised Keller to enter pleas of guilty this afternoon when arraigned before Federal Judge John W. Murphy in Middle District Federal Court at Scranton. The local attorney said normal federal court procedure would call for Keller to be sentenced on the charges in "about three to four weeks."

The charges against Keller are a count of taking \$25,782 in U.S. currency, the property of the National Bank of Gettysburg, and a count of taking the money from the bank "by assault with a weapon." Keller allegedly held a gun pointed at tellers in the bank while his accomplice secured the funds. Both counts are part of the one charge of robbing the bank. He also is to plead to a federal charge of transporting a Buick Roadmaster, stolen from Warren Chevrolet Sales here, across state lines from Pennsylvania to Virginia.

May Sentence Girl

Attorney Wolf said he was unable to learn of any further federal charges brought against Keller in connection with his escape from a U. S. marshal in Chicago and re-arrest in East Peoria. Attorney Wolf conferred with Keller in Scranton jail Wednesday and then checked with federal authorities there on the matter.

Keller was arrested with his accomplice, Miss Doris Jean Henderson, 28, Biglerville, in Tucson, Ariz., on May 7 when FBI agents found them living there under the name of "Mr. and Mrs. Harold Johnson, Albuquerque, N. M."

Miss Henderson is also scheduled to enter a plea on similar charges against her in federal court at Scranton this afternoon. It was believed that she may be sentenced this afternoon because she expects the birth of a child early in September.

Miss Henderson had been a prisoner in Dauphin County prison since June. She was removed to the Luzerne County Jail at Wilkes-Barre Wednesday preparatory to her appearance before the federal court in Scranton County.

CAR AND TRUCK CRASH; 5 HURT

Five persons were injured when a car and a truck collided eight miles south of here on the Emmitsburg Rd. about 12:30 o'clock this afternoon.

Four of those injured were in the auto which was demolished. They were John Bixler, 33, Harrisburg, who had cuts of the arms and a cerebral concussion; his wife, 30, who had a cut forehead; their daughter, Jacqueline, 6½, lacerations of the forehead and possible fracture of the nose, and their son, John Jr., aged 8, who had a contusion of the elbow.

The members of the Bixler family were removed to the Warner Hospital in the Adams County ambulance.

George H. Arnold, 50, York, driver of the truck, who was removed to the hospital in the Gettysburg Fire Co. ambulance, was treated there for abrasions of the head.

The car was towed from the scene by the Glenn L. Bream Inc. garage. The truck was towed to the Blue and Gray Motor Courts. State police had not completed their investigation by press time.

Plan "Circus Day" At Hunterstown Aug. 31

A community committee in Hunterstown has announced plans for a "Circus Day" there on Saturday, August 31, to raise funds for the upkeep of the building at Hunterstown in which the Good News Club meets and the branch of the Adams County Free Library is maintained.

There will be a costume parade for children at 4 p.m. with the column moving from the garage to the gun club building and there will be a musical program from 7 to 8 p.m. with numbers included by the Hunterstown band, other musical and dance selections, pony rides, other special entertainment and refreshments.

The affair is being planned by Mrs. Dora Ford, Mrs. Dorothy Wileman and Mrs. Carolyn Moore.

"Green Corsage" For Supervisor

Mrs. Allan Gray (right), supervisor at the Fourth St. "Totlot" playground of the Gettysburg Recreation Association, is shown this morning as she was presented with a "green corsage" by mothers of the children who used the playground. Mrs. Fred Tipton, Hanover St., made the presentation on behalf of 31 parents whose names were attached to the card with the gift. The corsage contained \$26, one a silver dollar.

In making the presentation at a surprise party held for Mrs. Gray and the children Mrs. Tipton said

WILL HAVE 21 NEW TEACHERS ON STAFF HERE

With one grade school teacher yet to be found, Gettysburg public school children will be greeted by 21 new instructors on September 4 when the schools open for the 1957-58 term.

Most of the teachers replace former faculty members who resigned or retired. Several are filling new positions created by the growing enrollment or by expansion of the curriculum.

Superintendent of Schools H. Edgar Riegle has announced that an orientation workshop will be held next Tuesday for these new teachers.

All Teachers Meet Sept. 3

There will be a general session that morning in the Keefeauver school at 10 o'clock and then at noon the local branch of the Pennsylvania State Education Association will have the new teachers as their guests at a luncheon which will be followed by an afternoon meeting.

In the afternoon the new grade school teachers will meet with Richard A. Folkenroth, the elementary principal, and new high school staff members will meet with Guile W. Lefever, principal of the high school.

A program for all teachers has been arranged for Tuesday, September 3, at 10 a.m. and continuing through the day.

COMPLETES BASIC TRAINING

Pvt. Ralph D. Hockensmith, son of Mr. and Mrs. John Hockensmith, R. 5, has completed eight weeks of basic combat training with the 4th Armored Division at Fort Hood, Tex. Before entering the Army Hockensmith was employed by Pennsylvania Shoe Manufacturing Corp., McSherrystown.

Pupil Assignments For Meade School Announced

Pupil and teacher assignments for Meade School in the Second, Third and Fourth grades were announced today by Richard A. Folkenroth, principal at the Keefeauver School and elementary supervisor for the public schools. Assignments in the other grade school buildings will follow.

Mr. Folkenroth said parents of all First graders are being notified by mail of the assignment of their children. The list of First grade assignments will be announced next week for publication, he added, accompanying the notice to the parents of First graders will be a booklet intended to be helpful to both the pupil and parents of the beginners.

The assignments for Meade School follow with two rooms of First, two of Second, two of Third and two of Fourth graders to be quartered there:

Grade Two

Room 4, Mrs. Duttrier; Judith Allison, Lester Bentz, Gladys Blanchard, Patricia Bowersox, Constance Brady, Evelyn Cool, Cynthia Currens, Robert Davies, Donna Decker, Harry Dick, Mary Eckenrode, Shirley Eckenrode, Barbara Fair, Kathy Pohl, Robert Forsythe, Tamara Foth, James Gilbert, Jacqueline Hand, Howard Hankey, Pen-ton Harpster, Jack Hartman, Ricky Hartman, Samuel Himes, George

the gift was in appreciation of the "outstanding work of Mrs. Gray in carrying on the program for the children here and for devoting extra time and some of her own money in making the Fourth St. playground a successful one."

Mrs. Gray told the group: "I want to thank the parents because without their cooperation there could be no Recreation Association program."

The committee of Fourth St. playground mothers who arranged the party included Mrs. Tipton, Mrs. James Treas and Mrs. Kenneth Deardorff.

TWO COMPLETE SPECIAL COURSE

Lt. Col Jacob M. Sheads and Colonel Wilbur L. Plank, of Gettysburg, have completed a two-week course in civic affairs and military government conducted by the Reserve School at Fort George G. Meade, Md.

The course prepared the men to serve as governmental supervisors in occupied localities or in communities overtaken by disaster.

Colonel Sheads, 115 N. Stratton St., is a 1932 graduate of Gettysburg College.

Plank, 123 Springs Ave., is president of the Gettysburg Engineering & Equipment Co., Inc. He was graduated from Gettysburg College in 1926.

Completes Marine Training Course

Larry R. Miller, son of Mr. and Mrs. Lester M. Miller, R. 3, has completed recruit training at the Marine Corps Recruit Depot, Parris Island, S. C.

The 12-week training schedule included drill, bayonet training, physical conditioning, parades and ceremonies, and other military subjects.

Three weeks were spent on the rifle range where the recruits fired the M-1 rifle and received instruction in basic Marine infantry weapons.

This recruit training prepares young Leathernecks for further specialized infantry training at Camp Lejeune, N. C.

BEAUTY QUEEN HONORED HERE; UNVEIL PLAQUE

"Miss Pennsylvania" was formally welcomed to Gettysburg, and a plaque showing Gettysburg's participation in a Pennsylvania State Chamber of Commerce sponsored Community Development contest was dedicated at programs held on Lincoln Square and in the Hotel Gettysburg by the Gettysburg Chamber of Commerce Wednesday evening.

"Miss Pennsylvania," Miss Jennie Blatchford, who served as speech therapist in Adams county last year, unveiled the aluminum plaque mounted on the Weaver building at the northeast corner of Lincoln Square.

Burgess William G. Weaver formally dedicated the plaque in a speech calling upon the community to support the Chamber of Commerce in plans for community betterment and development. "The Chamber of Commerce is seeking in many ways to make ours a better community. I urge all of our townspeople to join them in this endeavor, to put their shoulders to the wheel when called upon to keep projects rolling which will make ours an even better town."

Asks For Support

Chamber of Commerce President LeRoy E. Smith asked community support for "more activities to help Gettysburg grow."

Members of the Gettysburg VFW Firing Squad participating in the program included Commander Dale McDermitt, and color guards and flag bearers Acie Martsberry, William Chamberlain, Charles Brent and Bobby Dove.

60 CANDIDATES LISTED FOR ASC POSTS IN COUNTY

The names of 60 candidates for the six Agricultural Stabilization and Conservation Community committees in the county were announced today by the six election committees set up to conduct the annual election of the five-man committees.

Ballots will be sent farmers throughout the county on September 26 and are to be returned to the county ASC office on York St. by September 5, when the election committees will tally the votes.

The candidates receiving the highest number of votes in each district will be named as the chairman of the local community committee and delegate to the county ASC convention. The person receiving the second highest number of votes will be named vice chairman and alternate delegate. The third highest will be the regular member and the next two highest will be alternates.

May Add Nominees

Farmers have until Friday to submit additional nominations for the community committee elections, it was announced. Any person can be listed as a nominee upon presentation of a petition signed by ten or more eligible voters to the chairman of the appropriate election committee.

Candidates listed so far and the election committees for the six districts follow:

Exchange Club On Pigeon Hills Picnic

Gettysburg Exchange Club members were guests of the Hanover Exchange Club at a meeting Wednesday night at the Schultz Cottage, Pigeon Hills. The two clubs meet for a Swiss steak picnic dinner and an evening of volleyball and horse shoes. Fourteen members of the local club attended. The Hanover club had 38 members present and eight guests from Flying Dutchman Model Aviation Club, Hanover.

Lawrence Bortner, president of the Hanover club, presented awards to the six members in model aviation competition and a service award to James Croft, advisor and new president of the aviation club. Winning the awards, from first to sixth place, were: Phil Noble, Mike Weaver, Richard Trone, William Graybill, Ronald Albright and Lee Heindie, all of Hanover.

The place of meeting for the Gettysburg club next week will be announced later.

Despite the recognized protection of Saik vacche against polio, scrupulous bodily cleanliness is still a wise added precaution.

A responsible medical authority advises everyone to observe such old established warnings as avoiding fatigue during the polio season and washing hands thoroughly before eating or touching the mouth.

This is real watermelon season.

People living in Istanbul, Turkey, generally buy their watermelons from itinerant merchants who sail up and down the waters of the Bosphorus in boats piled high with this favorite fruit. Originally the large Georgia watermelons came from Diyarbakir in eastern Turkey, and the prized Kasabah melon from Izmir in the west.

Some baseball players prefer bats made of clear wood but Babe Ruth is said to have insisted on a cluster of pin knots in the barrel of the bat at the "sweet spot" where he usually hit the ball. Baseball bats are made in a turnery plant. They are first roughed out weighed and inspected to determine the particular models for which they are best suited. Each bat must have the same diameter and weight as the original model. The finish turning is done on automatic shaping lathes on which many knives are mounted.

Strict observance of the three C's of driving... courtesy, caution and common sense... will make motoring much pleasanter and safer for all. For instance, it is only courteous to dim your lights when approaching another vehicle... give the other fellow a break wherever you can... be extra cautious... rest when you're tired... stop occasionally for light refreshments... be sensible... don't mix your drinks with your driving... be doubly sure you observe all traffic signs and signals... and DON'T SPEED. Remember the life you save may be your own... If you don't value it... others value theirs.

D. F. MATTHEWS OF STRABANTWP. DIES TODAY AT 90

David F. Matthews, 90, former Strabant Twp. tax collector and supervisor, died this morning at 4:45 o'clock at the home of his son-in-law and daughter, Mr. and Mrs. J. C. Recard, Gettysburg R. 1, Mt. Joy Twp.

He had suffered a stroke May 7 and had been stricken once since that date. A resident of Gettysburg R. 5 for the last 29 years, he had resided with Mr. and Mrs. Recard since May.

A native of Adams County, he was born near Hunterstown, a son of the late Theodore and Maria Margaret (Kemper) Matthews. He had been a blacksmith and farmer for many years, and for a number of years operated a threshing machine and was a miller for the late John Taughnbaugh of Hunterstown. He served as both tax collector and supervisor in Strabant Twp.

Services On Sunday

His wife, the former Anna Mary Cromer, died July 11, 1954.

Surviving are seven children: Raymond M. Matthews, Newark, N. J.; Joseph A. Matthews, York; Mrs. J. C. Recard, with whom he resided, Gettysburg R. 1; Floyd C. Matthews, Bloomsfield, N. J.; Mrs. James B. Crafton, Gettysburg; and John E. Matthews and James W. Matthews, both of Baltimore.

Also surviving are 19 grandchildren, 24 great-grandchildren and two great-great-grandchildren.

Funeral services Sunday afternoon at 2:30 o'clock from the Bender Funeral Home, Carlisle St., with the Rev. James B. Davis of Blue Ridge Summit officiating. Interment in "The Pines" Cemetery, near New Chester. Friends may visit at the funeral home Saturday evening from 7 to 9 o'clock.

Chief Warrant Officer Has Been Retired From Marines

ARTHUR F. JOHNSON

Chief Warrant Officer Arthur F. Johnson, USMC, son-in-law of the late Charles E. Redding, Gettysburg R. 3, has been placed on the temporary retired list after 26 years of Marine Corps service. He is married to the former Miss M. Gertrude Redding, Herr's Ridge.

Actually Johnson's tour of duty begins with his original enlistment in the Army in Feb. 1917. He was mustered out after a year and seven months of service, time not reflected in his 26-year stint with the Marines. A native of Chelsea, Mass., where he attended two years at Northeastern College, Johnson began his Marine enlistment on July 2, 1929, at the Washington Navy Yard.

Holds Many Decorations

Transferred to the Marine Corps Air Station at Quantico, Mass., he was raised to the rank of first sergeant. Then began the long tour of duty which took him to the Marine barracks at Quantico, Va., as a Marine gunner and assistant adjutant; North Island, Coronado, Calif., as chief Marine gunner and adjutant Marine Air Fleet Wing; Santa Barbara, Calif., Ulithi Lagoon in the Western Carolines, about 600 miles west of Japan, where he was attached to the Marine Aircraft Group 45; back to Quantico as a sergeant major; to Cherry Point, E. Toro, Calif., and thence to Korea with Marine Aircraft Group 12 at their forward bases. He returned after Korean

service to Quantico and then to Miami, Fla., where he was retired as a chief warrant officer.

He holds the following decorations: WWI Victory Medal, WWII Victory Medal, Good Conduct Medal with bar, USMCR God Conduct Medal with two bars, Asiatic-Pacific ribbon with one star, American Defense ribbon, American Theater ribbon, Korean Service ribbon with one star, U.N. ribbon, Korean Presidential Citation, American Presidential Citation, and Navy Commendation Ribbon.

Warrant Officer Johnson and his wife are presently living in Miami, having returned for the funeral services of Mr. Redding. They expect to return and settle in Gettysburg after another winter in Florida.

Lawrence E. Oyler, 65, Local Postmaster For 14 Years, Dies Suddenly Today Of Heart Attack

Lawrence Edmond Oyler, 65, Gettysburg's postmaster for the last 14 years who as a veteran of World War I had served as one of the early commanders of the Albert J. Lentz Post No. 202 of The American Legion, died suddenly this morning at 10:15 o'clock as he chatted with an acquaintance on Baltimore St.

Postmaster Oyler was enroute to the First National Bank on a regular morning trip after completing book work at the post office. He had stopped in front of the Hershey tailor shop opposite the courthouse to talk with David Pitzer.

Suddenly Mr. Oyler fell forward. His fall was broken by Mr. Pitzer and then he was carried into the Hershey store. Dr. George Ewing was summoned and then Dr. C. G. Crist, Adams County coroner, was called. He listed the cause as an acute coronary occlusion and said death had taken place very soon after the attack was suffered.

Appointed By F.D.R.

Mr. Oyler began his duties as acting postmaster March 4, 1943, after his appointment by President Franklin D. Roosevelt. His appointment had been recommended 10 days earlier by Senator Joseph Guffey. His appointment as postmaster came a short time later. He succeeded the late Charles A. Williams, whose resignation took effect March 31 but who died two weeks before that date while on terminal leave.

Mr. Oyler went to the post office appointment from the shop of The Gettysburg Times where he had worked for a number of years as a linotype operator and machinist.

The deceased was a native of Gettysburg and was a son of the late Wesley I. and Mary (McKerrick) Oyler. He and the former Eva Walter of Gettysburg, who survives him, were married December 27, 1919. For the last 38 years, they resided at 334 Baltimore St.

Mr. Oyler attended the Gettysburg public schools and then engaged in the automobile business with his father. Then he went to Harrisburg and worked for some years in the state printer's office. From there he came to The Gettysburg Times.

Always interested in sports, Mr. Oyler played shortstop in the old Ward League more than 30 years ago and played on town baseball teams for a number of years.

He had served as a private at the Medical Supply Depot, New York City, during an enlistment in World War I. He enlisted in the Army in Gettysburg on June 15, 1918, and was discharged on March 10, 1919.

In addition to serving as postmaster for the last four years he had operated the Tastee Freez ice cream establishment on Buford Ave.

In addition to serving as commander of the Lentz post of the American Legion in 1926, he later served the post as adjutant. He was a member of the local camp of the Sons of Union Veterans, the local lodges of the Moose and Elks, the Gettysburg Lions Club, the Gettysburg Veteran Firemen's Association, the state firemen's association and the Gettysburg Fire Company. He was also a member of the Last Man's Club of the Legion.

Burial On Saturday

He belonged to the National Association of Postmasters and the York-Adams County Association of Postmasters.

In addition to his widow, a daughter survives, Miss Evelyn Jane Oyler, who resides at home and teaches school in Hanover. There are two sisters and a brother, Mrs. Ella Stock, Gettysburg; Norbert, Gettysburg R. D., and Mrs. Joseph Smith, Gettysburg.

Funeral services will be held Saturday afternoon at 2 o'clock at the Bender Funeral Home with Rev. Paul L. Reaser officiating. Interment in Gettysburg National Cemetery with members of the Lentz American Legion Post assisting at the military funeral.

Friends may call at the funeral home Friday evening from 7 to 9 o'clock.

Members of the Veteran Firemen's Association are asked to meet at the engine house Friday evening at 7 o'clock to attend the viewing.

Pleads Guilty To Forging 3 Checks

Edward J. Caldwell, Baltimore, will appear in sentence court August 31 on a charge of passing worthless checks to Charles V. Marquet, New Oxford R. 2, hay dealer. Caldwell appeared before Justice of the Peace Claude Straley, New Oxford, Saturday night and pled guilty to the charge. He was released on \$1,000 bail according to District Attorney Daniel E. Teeter.

In October, 1956, Caldwell gave three checks totaling \$412.61 to Marquet but the checks were returned, marked "not sufficient funds." The dates of the checks are: October 15, \$189.28; October 17, \$128.68, and October 24, \$114.65. The checks were drawn on the Equitable Trust Company, Baltimore.

Caldwell is said to have failed to make good the checks. Marquet then filed charges.

A purse belonging to Mrs. Iris A. Davis, England, which Dwight R. Davis, father-in-law of the woman, reported to borough police Wednesday morning at 11:10 o'clock as being lost, has been found according to a police report. Davis told police the purse was apparently dropped when they stopped at a hotel in Gettysburg Tuesday night to inquire about rooms.

Estate Letters Given Redding Executors

Letters testamentary have been granted to the executors of the \$23,200 estate of the late Charles F. Redding, who died August 14 at the age of 82 at his residence in Cumberland Twp. Redding's three sons, Philip M., Carroll J. and Lawrence E. Redding, are named executors of the estate in information recorded at the office of the register and recorder.

The will states that \$500 is bequeathed to both Donald Redding, grandson, and Teresa Redding, granddaughter, children of the late Frederick Redding. The bequests are to be free of inheritance tax, the tax to be paid out of the estate.

The "home farm property," along the Lincoln Highway in Cumberland Twp., is bequeathed to the executors as trustees until the entire property be sold "within 15 years." The remainder of the estate, the proceeds of the sale of real estate and the income from the home property until its sale are bequeathed to the late Mr. Redding's children, share and share alike. The children are listed as Bernette M. Redding, Gertrude M. Johnson, Nellie R. Miller, Philip M. Redding, Carroll J. Redding and Lawrence E. Redding. The property is listed as containing 115 acres.

Firemen Convening In Waynesboro Today

WAYNESBORO, Pa. (P)—The Cumberland Valley Volunteer Firemen Assn. begins its annual convention here today with delegates on hand from a surrounding four-state area.

The three-day affair is expected to draw representatives from 130 volunteer fire companies in Maryland, Pennsylvania, Virginia and West Virginia.

The convention will end Saturday with a parade led by Pennsylvania Gov. Leader. Fire Chief Orlo E. Helm, acting chairman of the convention committee, said 30 fire companies, 21 bands and nearly 45 trucks and ambulances will participate in the parade.

Court Grants Removal To Aetna Casualty Co.

The Adams County Court has granted the petition of the Aetna Casualty and Surety Co., Hartford, Conn., defendants in a \$4,665.02 suit brought by the board of trustees of Gettysburg College, to have the case removed to a U. S. District Court according to information filed at the office of the prothonotary. The case is listed as number 6035 Civil Action by the clerk of courts at Scranton.

The suit was brought by the trustees of the college on behalf of William D. Stock, 118 Berlin Rd., New Oxford. Stock was one of the sub-contractors when O. H. Hostetter, Inc., Hanover, which has bankruptcy proceedings pending in a federal district court, built a dormitory on W. Lincoln Ave. for the college.

Also bringing suit against the insurance company is Fulton, Mehring and Hauser Co., Inc., York, seeking judgment in York County Common Pleas Court for \$2,545. The York firm, according to the suit, supplied materials to Hostetter for construction of an addition to the Warner Hospital.

TREATED AT HOSPITAL

Jeffrey Whiles, 3, son of Mrs. Eva Whiles, 701 Highland Ave., was treated at the Warner Hospital Wednesday afternoon for a laceration of the scalp received when he fell from a platform at the Murphy Co. parking lot, W. Middle St.

George Breslin, 21, Chambersburg, was treated for first degree burns of the face and left arm suffered while he was heating tar Wednesday.

PLAN PUBLIC HEARINGS

HARRISBURG (P)—The Governor's Committee on Problems of the Aging will conduct a series of 13 public hearings beginning Sept. 9. Representatives of the aged, employers, public officials and other interested parties will be invited to testify. The committee decided on the hearings yesterday.

Mr. and Mrs. Roscoe Frock, New Windsor, Md., daughter, Wednesday.

HARBIN, Manchuria (P)—All the 41 Americans who left Moscow for a visit to Communist China have crossed the frontier and are due in Peking tomorrow.

None of the 41 changed their minds en route about defying the U.S. State Department ban.

HARRISBURG (P)—The General State Authority is reported planning a closed-open meeting Aug. 28, four days before the effective date of a new state law requiring open meetings of public agencies. The agency will have before it for action some 50 million dollars in construction projects recommended by its priority committee. Under the plan, one source said, a closed executive meeting will be held in the morning, and a second, open to reporters and the public, will be held in the afternoon.

COURT TO HEAR SUPPORT CASES

John S. Punt, Aspers R. 1, is free on \$500 bail today after being arrested by Constable Fred Swisher Wednesday and lodged in the Adams County jail on a charge of non-support filed by his wife, Helen C. Punt, Aspers R. 1, before Justice of the Peace Robert P. Snyder. Punt will appear in court Friday on the charge at 10 o'clock.

Another case of non-support is scheduled for court according to Clerk of Courts Kenneth W. Johns' report this morning. Mervil Kauffman faces the charge brought by his wife, Mrs. Janet Kauffman, Ortanna R. 1. Kauffman, of the same address, is in the Adams County jail in default of \$500 bail following a hearing before Justice of the Peace Robert P. Snyder on Saturday.

Lived for sentence court is Miguel A. Lopez, 256 S. Washington St., who pleaded guilty to an assault and battery charge before Justice of the Peace Robert P. Snyder Monday night. He is in jail on default of \$500 bail.

The information was filed before Snyder Saturday night when Ruth Davis, W. High St., reported to borough police that the Puerto Rican had struck her Friday night.

FIRE DESTROYS

ening the remainder of the vehicle and the load of lumber when Taylor drove in from the scene.

Flinds Mill In Flames

The younger Taylor had left the mill about 5:30 o'clock and at that time there was no evidence of fire. About 6 o'clock, when he was en route home, he saw smoke in the distance and drove to the mill. He found it in flames and called the Benderville and Arendtsville firemen. The firemen remained at the scene until about 8:45 o'clock.

Members of the Benderville Ladies Auxiliary served sandwiches and coffee to the firemen.

A hose on a fuel tank was burned off and blazing fuel oil spread over the area before firemen could bring the fire under control.

Lumber piles were partially burned. Sawdust piles burst into flames several times.

Hose was laid 2,500 feet from the Camp Nawakwa swimming pool to bring water to the scene. Campers at Camp Nawakwa aided firemen in laying out and rolling up hose after the blaze was extinguished.

JOINS McVAUGH AT TANEYTOWN

Dr. Edward Ambler Thompson, veteran of four years' service in the U. S. Navy, started practicing with Dr. R. S. McVaugh in Taneytown on Monday. They are sharing offices on Frederick St. there. Dr. and Mrs. Thompson reside on Uniontown Rd.

Dr. Thompson, a former resident of Virginia Beach, Va., is a son of Commodore and Mrs. W. M. Thompson. His father is a retired Navy officer. Dr. Thompson attended the University of South Carolina and Clemson College where he received his Bachelor of Science degree in 1944. He attended the Medical College of South Carolina and received his M.D. in 1948.

His internship was served in the U. S. Naval Hospital at Bethesda, Md., from 1949 to 1950 and he did active duty with the U. S. Navy from 1950 to 1954. He had previously worked in New York City and for four months in Taneytown in 1955. He and Mrs. Thompson have been in Charlotte, N. C., since 1955.

Mrs. Thompson, who is from Philadelphia, is a registered nurse. They have three children: Edward, aged 7 years; Anne, aged six years, and John, aged 3.

Released On Bail For Hearing Today

John D. Becker, S. Washington St., was arrested by state police Tuesday and released on \$2,000 bail for a hearing at 4 p.m. today before Justice of the Peace John H. Basehor for violations of the Uniform Firearms Act of Pennsylvania.

Becker is charged with selling for \$45 on or about July 20 a .32 caliber automatic pistol to Emanuel Marrero, Menallen Twp., without having a license to do so and failing to require and file certain registration information from Marrero.

KILLS SELF IN LUXURY MOTEL BEFORE COUPLE

ST. PETERSBURG, Fla. (AP)—A Philadelphia man shot and killed himself at a luxury motel yesterday before the eyes of the woman he brought here with him and her husband who came to get her.

Chief criminal deputy Donald Genung called the death of Robert A. Fisher a suicide.

The woman, Mrs. Charles Frances, 36, of Medford, N.J., was taken to a hospital suffering with shock. Her 37-year-old husband was released after telling his story to deputies.

Mrs. Frances told news reporters that when Fisher saw Police Chief Gene Marshall coming to the apartment he said: "Here come the police—goodbye." With that he fired a bullet into his head and died instantly.

Acted Like Newlyweds
Fisher and Mrs. Frances came here Monday night and checked into the motel as man and wife. Mrs. Frances told officers she was forced to come here at gunpoint, but Marshall said they acted like newlyweds while here.

Mrs. Frances said she called her husband at Miami Tuesday and asked him to come and get her. Frances flew here early yesterday and went into the apartment which Fisher and Mrs. Frances were occupying.

Marshall said an argument followed and that Fisher threatened to shoot Frances and kill himself. A scuffle followed, Fisher fired one shot into the floor, then went into the living room, saw Marshall who had been summoned by the apartment manager and shot himself.

Frances said his wife and Fisher had been running around together for several years.

DECLARES IKE JUMPS THE GUN

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex.) said today President Eisenhower's political advisers "have got him jumping the gun" on 1958 campaigning by criticizing the Democratic-controlled Congress.

"It looks to me as though some of these advisers are getting frantic about their prospects in next year's congressional election," Johnson said. Control of Congress will be at stake in the balloting then.

Eisenhower told his news conference yesterday he is "tremendously disappointed" because Congress has passed so little of the legislation he recommended.

However, Eisenhower apparently holds Republicans, as well as Democrats, accountable. He said, in a response to a question, that everybody who voted against "what I thought was the right thing to do—why, they have to share the blame."

Eisenhower said the proposals he sent to Congress comprise a Republican program that he said is aimed at meeting the best interests of the country as a whole. Johnson, Senate Democratic leader, said the record of the Democratic-controlled Congress would speak for itself.

"By the time Congress adjourns he will have given serious consideration to all of the recommendations the President has made," Johnson said. "We will have approved those we think are to the best interests of the country and will have defeated those we think are bad."

State Gets Low Bids On Dormitory Projects

HARRISBURG (AP)—The General State Authority received unofficial low bids totaling about \$3,000 for test borings preparatory to construction at Edinboro and Bloomsburg State Teachers colleges.

The Lake Drilling Co., Inc., Cleveland, submitted a \$2,250 bid yesterday on the \$40,000 Edinboro dormitory project. The Battle Bros. Drilling Co. of Scranton submitted a bid of \$24 for the work in connection with a \$49,000 classroom building at Bloomsburg.

WASHINGTON (AP)—Sen. McClellan (D-Ark.) said today he has a report that former heavyweight champion Joe Louis was paid \$2,500 to sit for two hours at the recent bribery trial of James R. Hoffa, Midwest Teamsters Union official.

Hoffa was acquitted of the charge by a jury made up of eight Negroes and four white persons. Members of the jury said in later interviews that the racial issue had not entered into their decision.

"PARTING"

When fate deems that good friends must part . . . it's like a plaintive song . . . there hangs a veil of sadness . . . where happy thoughts belong . . . old memories burst forth in bloom . . . like lilacs in the rain . . . and way down deep inside the heart . . . there is a quiet pain . . . of course we know we'll make new friends . . . but once a tale is told . . . the chapters seem to linger . . . and shine like purest gold . . . a handshake tender and sincere . . . good luck in all you do . . . this is the grand finale . . . then onward we pursue . . . that's how it goes when old friends part . . . a tear, a smile, a sigh . . . the hardest word in the world to say . . . is the little word goodbye.

PUSH VACCINE PRODUCTION TO HALT EPIDEMIC

UNIVERSITY PARK, Pa. (AP)—The U.S. surgeon general hopes that a 24-hour production schedule will make enough Asiatic flu vaccine available for 60 million inoculations by late winter.

Addressing the closing general session of the 6th Annual State Health Conference, Dr. LeRoy E. Burney said yesterday that state public health and medical groups will urge the vaccination of key groups according to priorities established by individual states.

"It is hoped that a nationwide epidemic in the winter of 1957-58 can thus be averted," he declared. Authorities have already warned that the flu virus threatens to reach epidemic proportions in this country this winter.

"The vaccine is already becoming available in small amounts for the civilian population and there is real hope that at least 60 million cubic centimeters will have been released by Feb. 1," Burney's address stated. It was read for him by Dr. David Price, assistant surgeon general.

Each inoculation requires one cubic centimeter of vaccine. Dr. Burney advised that the quickest way to avert an epidemic is to promote widespread vaccination. He said authorities are in much better position to combat the threat of an epidemic as a result of the preliminary planning that has been done.

The four-day conference which attracted 1,000 public health workers ends today with staff meetings of the State Health Department.

Young Eileen Fahey Found Alive Today

PROVIDENCE, R.I. (AP)—Eileen Fahey, 3½, missing since yesterday afternoon, was found alive today in an eight-inch crack between a barbershop and a dwelling.

She was taken from the tiny space about an hour and a half after she was spotted by a neighbor, Gerald des Roches, 19, from a nearby dwelling.

The child, conscious, her face tear-stained and dirty, was taken to Rhode Island Hospital for examination. She appeared in fair condition.

Her father is John Fahey, a New Haven brake man. Mrs. Fahey, mother of four other children, had been under sedatives through the night-long search.

TRADING IS SLUGGISH

NEW YORK (AP)—The stock market gave up a bit of ground in sluggish early trading today.

Leading issues were off fractions to around a point. There was a scattering of gainers in about the same range.

Profit-taking apparently late yesterday was still continuing, brokers said, as short-term traders made the most of the two-day rise from the sharp Monday sell-off.

HARRISBURG (AP)—Mayor Nolan F. Ziegler said today he was not seeking the Republican nomination for governor next year.

That was Ziegler's comment on a recent statement by Sen. M. Harvey Taylor terming the Harrisburg mayor the best man available for governor.

WASHINGTON (AP)—Surgeon General LeRoy E. Burney says President Eisenhower should be vaccinated promptly against Asiatic flu.

This was the Public Health Service's reaction to Eisenhower's news conference statement yesterday that he would get an inoculation "just as soon as ordinary people like I am can get it."

ESTEP SPEAKS TO ROTARIANS

Julian N. Estep, Gettysburg, manager of the Manufacturers Light and Heat Company there, was guest speaker at the dinner meeting of the Littlestown Rotary Club Tuesday evening at Schott's Hotel. Mr. Estep told the group about the securing, distribution and selling of gas. The program was in charge of the classification and membership committee, Clyde W. Crouse, chairman. Two visiting Rotarians were introduced: William Montgomery Hanover, and J. Oscar Armacost, Hampstead.

The rotary meeting next Tuesday at 6:15 p.m. will be in charge of the vocational service committee, composed of Albert J. Blair, chairman, Charles E. Ritter, Donald Z. Mann, Roy Koonitz, Ernest W. Dunbar, Mervin Harner and the Rev. David S. Kammerer.

The Littlestown Little League, Inc., will conduct a concession stand at the Kingsdale Firemen's carnival each evening next week. Plans to conduct the stand were completed at a brief meeting of the League representatives held on Monday evening. Election of officers will take place at a meeting scheduled for Thursday, September 12, 8:30 p.m., at the engine house, when the managers, officers and representatives are requested to be present.

Plan Overnight Hike
The Cub Scouts of Littlestown Pack No. 84 will enjoy their annual overnight hike on Friday, leaving at 7 p.m. from the rear of the E. King St. school building, and hiking to the Littlestown Fish and Game Farm, near town. The Cubs will sleep in tents and each will take his own bedroll with something plastic to be placed next to the ground, a paper plate, plastic cup, knife, fork and spoon. Breakfast on Saturday morning will be provided. Cubs wishing a bedtime snack should pack their own.

Fathers of the Cubs are invited to accompany the group on the hike. Parents' signed permission slips must be presented by each Cub before leaving tomorrow evening. The permission slips will also be used for the boys to attend a baseball game in Baltimore on September 14.

The Ladies' Auxiliary to the Fraternal Order of Eagles, Littlestown Aerie No. 2225 will sponsor a public party on Friday evening, starting at 8 o'clock at the F.O.E. Home, W. King St.

Approximately 50 members of the Senior Band of the Littlestown High School enjoyed their annual picnic held on Tuesday evening in St. John's Lutheran Church grove, near town. Wiener hamburgers and other picnic items were served. There was group singing following the meal, and also softball games. Paul A. Harner, supervising principal of the jointure; Lloyd L. Staveland and Frank E. Basehoar, administrative assistants, were present and spoke briefly. The affair concluded with the Alma Mater sung by the group.

A public party will be held by St. Aloysius Catholic Church on Saturday, starting at 8 p.m. in the parish hall. Prizes will be given and refreshments will be available.

Walter C. Myers, president of the Littlestown Baseball Club, has called a meeting for this evening at 8 o'clock in the engine house.

Mrs. Allen Noble, 57 E. King St., was admitted as a patient at the Harrisburg Polyclinic Hospital for treatment, Tuesday.

A special meeting of Girl Scout Troop No. 12 members has been scheduled for 3:30 o'clock this afternoon in St. Aloysius Hall, as called by the leader, Miss Mary Rita Redding.

Product Of Alwine Brick Is Lauded

A New Oxford brick manufacturing business received high praise for the quality of its product in a story appearing in a Philadelphia newspaper.

The article, giving details of the construction of a new home for Philadelphia Mayor Richardson Dilworth, added: "Mrs. Dilworth observed that Jack was very particular about the brick 'sed here'—a reference to the head of John B. Kelly, Inc., brick and building stone contractors. This special brick, of a rich texture, was supplied by the Alwine Brick Co., of New Oxford.

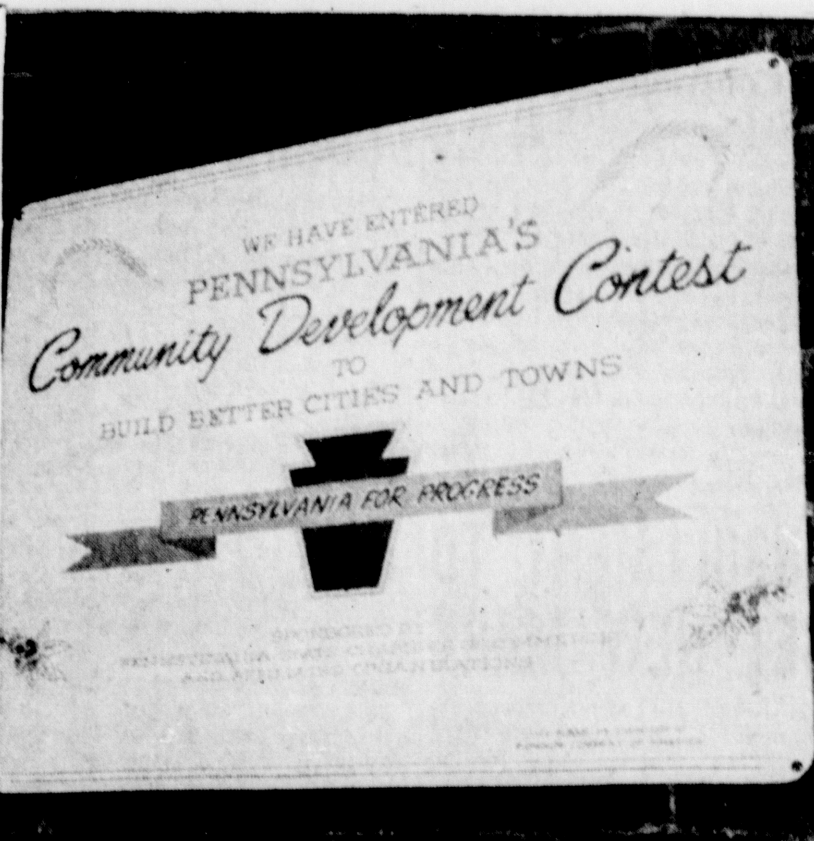

Robs Boardwalk Store Of \$1,000

ATLANTIC CITY, N. J. (AP)—A lone gunman held up a Boardwalk drug store early today, tied three employees with tape and escaped with a estimated \$1,000 in cash.

City detectives said the unknown man entered the Sun Ray Drug Store at 1529 Boardwalk just as the store was closing at 1:15 a.m. He accosted Assistant Manager Morris Sapoznikove and two other employees as they were leaving and pushed them back into the store.

The gunman, acting Detective Capt. Anthony de Naples said, then forced Sapoznikove to open the safe, tied the three employees with tape and helped himself to the cash. Then he fled.

The costs of all accidents in the United States in 1956 were enough to provide three shots of Salk vaccine for every person in the world.

The plaque dedicated by the Gettysburg Chamber of Commerce at public exercises Wednesday night is shown. The aluminum marker is attached to the Weaver building on the northeast corner of Lincoln Square and was unveiled by "Miss Pennsylvania." (Lane Studio photo)

This was his second and final summer of training at Quantico.

"Fishes" Diamond From Gay's Bowl

Mrs. Robert Coffield, 14 Baltimore St., was the first person to select a diamond from the midst of the imitation gems displayed in a fish bowl by Gay Jewelers, 13 Baltimore St. Mrs. Coffield visited the store Tuesday to purchase a birthday gift for her husband and, as she was leaving, stopped to try her luck at picking a diamond from the fish bowl in which both the genuine and imitation gems are displayed.

According to the offer made by Gay Jewelers to those choosing the real diamonds, the stone picked by Mrs. Coffield is being sent to Lohengrin to be mounted on a white gold ring. Mrs. Coffield is one of over one hundred persons who have tried their luck at choosing a genuine diamond since the fish bowl was displayed Friday.

Master, Gettysburg R. 5, was recently honorably discharged from the U. S. Navy attached to the U. S. Naval Receiving Station, Norfolk, Va.

In five runnings of the Laurel International a total of 31 foreign horses have been flown to America to run in the Maryland event.

direction of Robert Zeigler. Miss Blatchford spoke of her "pleasure" in returning to Gettysburg which she termed "my second home." Following the program she was surrounded by a number of local girls who sought autographs.

150 At Ceremony
Approximately 150 attended the public ceremony in the square.

The plaque was awarded the community for its acceptance in the Civic Betterment program of the state Chamber of Commerce. Cash prizes of up to \$1,500 are awarded at the end of the year with the completion of various projects in the communities.

Following the program on Lincoln Square, a dinner honoring Miss Blatchford was held in the Hotel Gettysburg with approximately 70 present. "Miss Pennsylvania" again was praised and termed "our next Miss America" by speakers who included Burgess Weaver, Judge W. C. Sheely, Gettysburg Superintendent of Schools H. Edgar Riegler County Superintendent of Schools C. P. Keefer, Travel Council President John Y. Crow, and Junior Chamber of Commerce President Magnus Flaws.

Mares Sherman, representing the Gettysburg Retail Merchants Association, presented Miss Blatchford with a gift from the local merchants. Miss Blatchford presented a basket of mushrooms from the American Mushroom Association, which has headquarters in the West Chester area, to Burgess Weaver.

L. E. Smith Presides

Chamber President LeRoy E. Smith presided at the dinner program.

Rev. Dr. Howard S. Fox, pastor of Trinity United Church of Christ, gave the invocation and benediction.

A tape recording of the program on Lincoln Square made by WGCT was broadcast over the local station at 7:15 o'clock Wednesday evening. A film of the proceedings will be telecast over WGAL-TV this evening at 6:55 o'clock.

TWENTY YEARS AGO

Part Of 1938 Blue And Gray Program Given: President Franklin D. Roosevelt has tentatively accepted an invitation to dedicate the Eternal Light Peace Memorial on the Gettysburg Battlefield on the afternoon of Sunday, June 3, 1938, Senator John S. Rice, chairman of the Pennsylvania State Commission, announced today following a joint meeting of the state and federal commissions in Washington Monday.

The two commissioners, cooperating in formulating plans for the observance of the 75th anniversary of the battle of Gettysburg and the joint reunion of the Blue and Gray here next year, met in joint session in the offices of Congressman Harry L. Haines.

Following a lengthy session at which the tentative draft of the 1938 program was approved, Congressman Haines led the delegation to the White House where they conferred with Marvin H. McIntyre, secretary to the President.

Local Legion Post To March In York Parade: Members of Albert J. Lentz post, No. 202, completed arrangements for participation in the annual convention of the American Legion posts of Pennsylvania which will open Thursday and close Saturday at York when they gathered for their semi-monthly meeting Monday evening in the Legion home, Baltimore street, with Commander Howard Sheffer presiding.

Headed by the Gettysburg High School band, the members of the Lentz post, uniformly clad, will march in the convention parade on Saturday afternoon in the section of the parade assigned to the twenty-second district of which the local legion is a part.

Wilburn Nett Weds Catherine Daugherty: Miss Catherine Daugherty, daughter of Mr. and Mrs. Harry Daugherty, Taneytown road, and Wilburn Nett, son of Mr. and Mrs. C. L. Nett, Baltimore street, were united in marriage Thursday evening by the bride's pastor, the Rev. Herbert H. Schmidt, at the Mt. Joy Lutheran church parsonage.

Accepts Position In Philadelphia: George R. Martin Jr., West High street, son of Borough Treasurer and Mrs. George R. Martin, has accepted a clerical position with the G. R. Kenny shoe company in Philadelphia. He was graduated from Gettysburg high school in June.

George Naylor, Water Manager, Weds Miss Bell: Miss Mary Elizabeth Bell, daughter of Mrs. Myrtle D. Bell, and George Wilson Naylor, manager of the Gettysburg Water company and son of Mr. and Mrs. Joseph W. Naylor, Harrisburg, were united in marriage at noon Saturday in a ceremony performed by the Rev. Dwight F. Putman, pastor of Christ Lutheran church, of which the bride is a member. The wedding took place at the bride's home, 249 West Middle street. The single ring ceremony was used. There were no attendants.

Newlyweds To Reside On Farm: Miss Janet Irene McFerrer, daughter of Mr. and Mrs. Roy McFerrer, Liberty township, and George Pius Reeve, son of Mr. and Mrs. Luther Reeve, Highland township, were united in marriage by the Rev. Charles M. Coffelt at 6 o'clock Saturday evening at the Coffelt home in Highland township.

They will make their home on a farm near Taneytown, Maryland.

Personal Mention: Dr. and Mrs. John D. Huddle, Miss Virginia Huddle, of Rural Retreat, Virginia, and Miss Annie O'Neal, Carlisle street, have returned from a trip to Cape Cod, Massachusetts, and Canaan, New Hampshire.

Mrs. E. M. Bender has returned to her home on East Middle street after spending a week at Atlantic City and touring New Jersey.

Miss Dorothy Foth will resume her duties at the office of the Reaser furniture company Monday after a week's vacation.

Mr. and Mrs. Charles H. Smith and sons Herbert and Harvey,

Today's Talk

WORDS THAT COME BACK

Words are busy travellers. You send them away and they take a good report, or one that is not — and in either case, they exemplify the power of the uttered word. Kind words, and considerate ones, stay in the world forever! But that word spoken in anger or hate, keeps coming back to give us unhappy days and nights.

It is amazing to note the influence of words that are sent away, and return to bless multitudes. The words of Jesus keep coming back to us for meditation and prayer. There was no bitterness to the inspired words of Lincoln. The words of Churchill keep coming back to a world that is full of fear and confusion. Take that word "Freedom." How it has stirred millions of people who have known only slavery.

Lafadio Hearn studied the sound, silent power, and the beauty of words. Few writers have left a finer display of words in all that he wrote. He often gave hours to researching for the one word that he wanted to complete a sentence of power and beauty. His writings are models of clear and wonderful prose.

Simple words live longest. Study the words of Shakespeare, or the "Meditations of Marcus Aurelius," and note how beautifully the authors' words mesh with their sincerity of thought. Great, kind words keep coming back to their author to tell him of their good mission. Words of our beloved ones that have slipped away from us, keep coming back to bless and warm our hearts, giving us new courage, patience, and humility.

Words, like carrier pigeons, keep coming back to get new orders, and messages to spread among the faint-hearted and little in faith. The right word, spoken at the right moment, has many times performed a miracle! Memory keeps returning words from our friends, and then we return them through the means of our hearts.

Tomorrow Mr. Adams will talk on the subject: "Wrappings" Presented, 1957, by The George Matthews Adams Service

Just Folks

REST

For weeks you will not climb the stairs

Or dress yourself or stir about.

You'll learn your round of grave affairs

The world can get along without.

Forget your loved ones and your friends;

On total rest your cure depends.

Well, rest seems easy stuff to take,

A pleasant tonic for the pale,

A happy cure for any ache,

Though by no druggist kept for sale.

But though of medicines the best,

There's nothing tides so soon as rest.

For all a little rest is good,

But 'gainst too much we ought to guard.

The modern mattress turns to wood,

Rest makes the softest pillows hard.

By every standard, probe and test

The world's most tiresome task is rest.

20 U. S. SCRIBES MAY VISIT CHINA ON TRIAL BASIS

WASHINGTON (AP) — The Eisenhower administration was reported today to announce soon that about 20 American newsmen will be permitted to go to Red China on a six-month trial basis.

The announcement, expected in the next day or so, would end an eight-year blackout on eyewitness news stories written by American reporters operating on the China mainland—provided the Communists still are willing to let them in.

Secretary of State Dulles has worked out a plan after polling newspaper, radio and television executives. This survey produced a list of news agencies which want to station correspondents permanently in Red China. Administration officials called it helpful.

Others Ask Permission

It was understood the 12 agencies which previously had men on the China mainland told Dulles they want to send representatives back again.

These agencies included The Associated Press, United Press, International News Service, Columbia Broadcasting System, National Broadcasting Co., Mutual Broadcasting System, New York Times, New York Herald Tribune, Chicago Tribune, Chicago Daily News, Christian Science Monitor and Time magazine.

Eight or so others, not named, requested permission to station reporters in China permanently. If all went well, the 20 or so permanent correspondents could stay on, and other newsmen could be permitted to make visits.

The administration has been under heavy pressure to let American reporters go to Red China. This would mean waiving regulations which ban use of American passports for travel to the China mainland. There also is a ban on travel by Americans to North Korea, North Viet Nam and Bulgaria — all Communist-held areas with which the United States has no diplomatic relations.

Ban On Travel In Red China Attacked

WASHINGTON (AP) — Sen. Fulbright (D-Ark.) says he considers the State Department ban on travel of U. S. newsmen to Communist China to be "a head-in-the-sand doctrine."

The senator made that comment on Tuesday when he introduced a resolution which he said was designed to make clear that it is the State Department's function to assist rather than hinder the travel of American reporters abroad.

Three Construction Contracts Awarded

HARRISBURG (AP) — The Highway Department yesterday awarded a \$464,884 contract to Putman and Greene, Inc., for resurfacing of 3 1/2 miles of legislative Route 17053.

Other road construction contracts awarded: Clearfield County — Resurface 3 1/2 miles of roadway on Route 17053, Putman and Greene, Inc., Port Wayne, Ind., \$464,884.

Bucks—Resurface 2.7 miles of highway in Bristol, James D. Morrissey, Inc., Philadelphia \$421,830.

ENROLLMENT TO SET NEW MARK

HARRISBURG (AP) — A record enrollment in Pennsylvania's high schools was forecast today for the coming fall term.

A Public Instruction Department spokesman said 703,000 children would enroll in public high schools next month—2,000 greater than the 1939-40 peak.

The number of elementary school pupils will be less than the record enrollments of the 1920's. The department expects 1,168,000 in this category—the largest since World War II.

The ratio of pupils in non-public schools—principally parochial institutions—compared to public schools continues to rise.

For the coming term, the department estimated 441,000 students in non-public elementary schools and 104,000 in secondary schools or nearly 22 per cent of the over-all student population in the state.

That percentage compares with 14 per cent in 1941 and 10 per cent in 1924.

The spokesman estimated that in about five years the number of Catholic and other non-public school pupils will be about one out of every three in Pennsylvania. The department estimated 29,000 full-time college freshmen will be enrolled next month compared to 28,000 in 1956-57.

The position that the United States is still in "a quasi state of war" with Red China, and it has banned newsmen from traveling into that country.

SIGNS BAN ON COURTROOM PIX

PITTSBURGH (AP) — A federal judge yesterday signed an order formalizing an earlier ruling that upheld a photo ban in the Westmoreland County Courthouse.

In an opinion handed down Aug. 6, U. S. District Court Judge Wallace S. Gourley said the county court has the right to prohibit the use of cameras in the courtrooms and corridors at the courthouse in Greensburg.

Three newspaper executives, a reported and three photographers deliberately violated the ban during the trial in 1955 of convicted Turnpike alay John Wesley Wable who later was executed. The ban was set by Judge Edward C. Bauer.

The seven employees of the Greensburg Tribune - Review and Pittsburgh Post - Gazette, were cited for contempt of court and sentenced to five days in jail and fined.

The jail sentences were later lifted by the State Supreme Court, but the fines were allowed to stand.

World's Longest Toll Road Ends In Orchard

SILVER CREEK, N.Y. (AP) — New York state's thruway proudly begins its 474 miles at America's metropolis and ends them humbly in an apple orchard.

A 41-mile section in the extreme western part of the state was opened officially yesterday by Gov. Averell Harriman.

The new section, which ends in an orchard at the Pennsylvania state line, brought the thruway's mileage to 474, highest of the world's toll superhighways. A 30-mile section, linking the new stretch with the main line, is still to be constructed.

A highway is to be built in two years that will cross Pennsylvania near Erie to connect with a projected extension of the Ohio Turnpike.

Employee Dishonesty Is Growing Hazard

BALTIMORE (AP) — Employee dishonesty is growing prodigiously as an American business hazard.

B. H. Mercer, head of Fidelity and Deposit Co. of Maryland, estimates American employers lost more than 500 million dollars last year to dishonest employees.

His firm is the country's largest insurer of employee honesty and Mercer is an expert in the detection and effect of embezzlement.

Even fire, the traditional first fear of businessmen, takes a back seat to embezzlement, Mercer says.

"Furthermore, the trend of embezzlement is steadily rising." The amount bonding companies are paying out has shot upward

to be constructed.

A highway is to be built in two years that will cross Pennsylvania near Erie to connect with a projected extension of the Ohio Turnpike.

RAILROAD MAKES MILLIONS

PHILADELPHIA (AP) — The Pennsylvania Railroad announced yesterday a net income for the first seven months of this year of \$13,306,983, or \$1.01 a share compared with \$22,452,019 and \$1.70 for the same period last year.

Dodgers Thump Redlegs As Giants Down Cards; League-Leading Braves To Open 3-Game Series At Brooklyn

By ED WILKS

The Associated Press

If Milwaukee's Braves have the National League pennant wrapped up, as some folks say, this is the time to put a ribbon on it. They open a three-game series against Brooklyn's Dodgers tonight at Ebbets Field.

The Braves broke up the log jam in the race by winning 10 in a row and jolted two contenders in the process, plunking the St. Louis Cardinals out of the lead and crashing Cincinnati out of the race.

The Dodgers climbed within a percentage point of second-place St. Louis yesterday by rapping Cincinnati 8-0 as Don Newcombe (10-10) finally got back into the act with a five-hitter for his first victory and complete game since July 12.

Giants Chop Cards — The Cardinals, who had won four in a row, were chopped down 13-6 by the New York Giants.

Those were the only two games scheduled in the NL and left the Cards and Dodgers both 6½ games behind the Braves.

In the American, New York's lead was trimmed to six games as the Kansas City A's made it two in a row over the Yankees 6-3, and Chicago's second-place White Sox walloped Washington 12-6. Boston beat Cleveland 3-1 and Baltimore defeated Detroit 9-3.

Ted And Mickey Hitless — Boston's Ted Williams and Yankee Mickey Mantle were hitless for the second straight day in their battle for the bat title. Williams (0-for-4) has a .385 average. Mantle (0-for-3) is .378.

Newk, last season's Most Valuable Player in the National and the majors' pitcher of the year at 27-7, had lost four in a row since beating Cincinnati last month. He struck out six and walked one. Frank Robinson had three of the Redleg hits.

Gino Cimoli clinched it with a three-run homer in the third off Hal Jeffcoat. The Dodgers, who had 11 hits, then counted five in the seventh.

Belt Card Pitchers

Bonus lefty Mike McCormick gained a 3-0 record for the Giants, checking the Cards on eight hits in 8 2/3 relief innings. The Jints belted Lindy McDaniel (10-8) and four relievers for 13 hits, including home runs by Willie Mays and Hank Sauer. The Cards counted homers from Wally Moon, Ken Boyer, Eddie Miksis and Stan Musial.

The A's, taking a series from the Yankees for the first time since shifting to Kansas City in 1955, chased Johnny Kucks (7-8) with three in the first and then tagged Art Ditmar and Al Cicotte for the rest. Jack Urban won his third with Virgil Trucks' relief off the Yankees out-hit the A's 8-7.

Chisox Get 12 Hits — Jim Piersall's two-run homer off Mike Garcia won it for the Red Sox, who had lost five in a row. Russ Nixon, with help from Ike Delock, won his 10th in 18 decisions.

The White Sox had 12 hits while scoring seven (six unearned) in the third and four in the sixth. Larry Doby, with three RBIs, and Nellie Fox each had three hits. Russ Kemmerer lost it while Gerry Staley gained a 5-0 record in relief.

Three-run homers by Joe Durham and Al Pizarro backed up right-hander Ray Moore, who picked up a 9-2 lifetime record against the Tigers with relief help in the ninth. Lou Sleater, one of two relievers who followed loser Billy Hoelt, 5-8, hit his third homer for the Detroit runs.

YESTERDAY'S STARS

PITCHING — Don Newcombe, Dodgers, gained his fourth shut-out with five-hit, 8-0 victory over Redlegs, striking out six and walking only one for his first victory since July 12.

HITTING — Larry Doby, White Sox, had three hits, including two doubles, in four trips and drove in three runs in 12-6 victory over Senators.

'ELDERLY' DUO LEAD IN TENNIS TOURNAMENT

BROOKLINE, Mass. (AP)—Gardner Mulloy and Budge Patty—who may turn American Davis Cup thoughts away from the youth movement—today venture their top seeding against comparative newcomers in the National Doubles Tennis Tournament.

Their opponents were rising youngsters Myron Franks of Los Angeles and Mike Green of Miami Beach in their men's quarter-final test at Longwood Cricket Club.

Mulloy, 43-year-old bespectacled Miami resident, and the mustachioed 34-year-old Patty from Los Angeles and Paris, have jarred some accepted ideas since winning the world doubles championships at Wimbledon this spring.

More Quarter-Finals
Today's other men's quarter-final sent fourth-seeded Aussie youngsters Roy Emerson and Bob Mark against Strider Clark of Philadelphia and David Harum of Coral Gables, Fla.

Under the staggered system, the other quarter-finals will be played tomorrow with second-seeded Neale Fraser and Ashley Cooper of Australia playing England's fifth-seeded Mike Davies and Bob Wilson, the titlists at Newport.

Unseeded Australians' Mal Anderson and Bob Howe were bracketed with third-seeded Hamilton Richardson and Vic Seixas, doubles veterans of the U.S. Davis Cup team.

Anderson and Howe knocked out eighth-seeded Kosei Kamo of Japan and Ramanathan Krishnan of India, yesterday, 7-5, 4-6, 3-6, 6-1, 6-2.

Eastern League

By THE ASSOCIATED PRESS
Jim Bronstad's good right arm usually a stout support for the Birmingham Triplets in their bid for the Eastern League pennant, is out of operation today.

Stricken with soreness in the arm, the hurler asked to be taken out of last night's game at Albany in the third inning. The Triplets suffered a 5-1 defeat, Bronstad's sixth loss against 15 victories.

The seriousness of Bronstad's injury was not immediately known but his loss for any length of time could hamper front-running Birmingham as the league enters the stretch.

As it was, second-place Schenectady crept up a notch to within 2½ games of the leaders as they put down the Reading Indians, 5-3, with the help of a two-run triple by Bobby Parrick. At Allentown, the Chief's defeated Springfield 7-2.

Grangers To Hold Picnic On Sunday

WILLIAMS GROVE — Now nearing the century-mark, the Granger's free fair and picnic, the oldest continuous fair of its type in the state, will open a nine-day stand at Williams Grove Park starting Sunday.

Roy Richwine, owner of the Cumberland county amusement center, today predicted that attendance records will be shattered between the time the Granger's picnic opens and its closing on Labor Day night, estimating that more than 100,000 persons will visit the fair.

Next Tuesday night and on Labor Day night there will be free fireworks displays along with the other attractions including free exhibits and displays.

Starting next Tuesday and continuing every afternoon and evening will be free performances in the park theater of M. W. Billingsley's presentation, "Legends of the Hopi," featuring a tribe of Indians from the wastes of Arizona in weird ceremonies, prayer and snake dances.

Kick-off of the Granger's picnic will be a sports car race Sunday afternoon.

WASHINGTON (AP)—The House Appropriations Committee Wednesday slashed \$215,906,500 from the Atomic Energy Commission's request for \$2,485,625,000 for operating expenses and construction for the current fiscal year.

Much of the building program was authorized only yesterday in a 352-million-dollar AEC construction bill. Some of the cash goes into a new program of government-built power reactors opposed by the administration.

AUTHORIZING BONDS
HARRISBURG (AP)—The Public Utility Commission yesterday authorized Philadelphia Electric Co. to sell 40 million dollars worth of first and refunding mortgage bonds to repay construction loans and help finance its plant improvement program.

YOUTH'S BODY FOUND

POTTSVILLE, Pa. (AP)—A 19-year-old St. Clair, Pa., youth who had been missing from his home since Tuesday was found dead in a water-filled stripping mine at nearby St. Clair yesterday.

Police said they used grappling hooks to recover the body of Nicholas Hnatysyn from 12 feet of water after they found his clothes on a bank.

TRAILER KILLS BOY

LOCK HAVEN, Pa. (AP)—A 9-year-old boy was killed by a tractor trailer truck when he skipped away from his mother and darted across U.S. 220. Clyde E. Eyer Jr. of nearby McElhattan was walking along the road with his mother yesterday at the time of the accident. He suffered a fractured skull and died enroute to Lock Haven Hospital.

Delone Football Squad Faces Tough Ten-Game Schedule With Inexperienced Outfit

These are the "dog" days not only for football players sweating off vacation pounds but for grid coaches rebuilding their schoolboy squads. Tom Carr, Delone High School grid mentor, has more headaches than most of his colleagues.

Last season the Squires posted one of their better records, a 7-2-1 log. Now the schedule has been toughened with the addition of Cumberland's La Salle High and Baltimore's Calvert Hall High, both big, tough outfits. Gettysburg, Westminster and Littleton are absent from this year's schedule.

Carr, who succeeds Alex Bell as Delone mentor, started work with his squad of 55 prospects on Monday. New to the Delone scene he reports that it is far too early to give a fair appraisal of the squad. Carr's situation is complicated by the fact that he has only three starting backs returning: John Gastley, Gettysburg, left half, Mann, a fullback, and Hockensmith, at quarterback.

Hockensmith, a senior, will run Carr's T offense, but the Squire tutor is looking for far better ball handling and stronger passing if the offense is to work at all. The squad hopes to have a good punter to succeed Phil Staub who graduated.

Teaming up with Gastley, Mann and Hockensmith in the backfield will be Lloyd "Bucky" Washington, another capable ball handler from Gettysburg. Pete Lawrence, an excellent passer, has not returned to school. Don Weaver, a shifty back, rounds out the returnees from last year's squad.

A big relief in Carr's line is the return of Mike Conrad, 5'11", 160-lb. end, who is expected to be on the receiving end of many of Hockensmith's passes. George Thomassy may be switched to tackle. Paul Gebhart and Bill Wierman, capable of playing both defense and offense, are two big boys who may be guarding the outside positions. On the defense Carr will be blessed with Jerry Eline, a small 160-lb. tackle,

and Mike O'Brien, who usually plays center but may be moved over to guard. Bob Smith, the smallest man in the line, may see plenty of action at guard or center. Frank Henry and Dick Smith will also be added strength at tackle and guard respectively.

Others Returning
Carr will have a number of other returning players from last year's team to choose from. In the backfield, Earl Laughman, Wes Keffer, Biff Rosensteel and Wayne Sponseller. In the line, Mike Staub, Jim O'Brien, Bob Groft, Jim Small, Jim Roy, Jack Hagerman and Charles Kiser.

Besides many of the returning first stringers, Coach Carr will have top notch ball players to pick from last year's freshman squad who compiled a 6-2 record for the season.

Heaviest Is 180 Pounds

Jobs in the forward wall are up for "grabs," Carr reports. Heaviest man on the team is center Mike O'Brien at 180 pounds. The majority of other candidates run between 155-160 pounds.

Squad candidates have been drilling since Monday with 3-hour sessions every morning and afternoon.

By the end of the week Carr expects to have a better line on his material. Biggest drawback is lack of fundamentals, noticeable particularly in the blocking.

Ten-Game Schedule

Delone opens a ten-game schedule on Sept. 13 playing Hanover away at 8 p.m. All games are Friday evening at 8 o'clock except an away game with Cumberland Valley set for Saturday night at 8 o'clock on Nov. 2. Other games are: Sept. 20, La Salle, home; 27, Chambersburg, home; Oct. 4, Lancaster Catholic, home; 11, York Catholic, home; 18, Calvert Hall, home; 25, Lebanon Catholic, away; Nov. 2, Cumberland Valley, away; 8, Harrisburg Catholic, away; 15, Scotland, home.

Assisting Carr is J. T. Flaherty, Salem College, W. Va., who is tutoring the backs.

Little Leaguers

Will Begin Today

WILLIAMSPORT, Pa. (AP)—Sixty boys from Michigan, California, Connecticut and Mexico were itching to play some baseball today and get the 1957 Little League World Series under way.

Since Monday teams from La Mesa, Calif.; Escanaba, Mich.; Bridgeport, Conn.; and Monterrey, Mexico, have been on hand anxious to play ball. Twice postponements have forced a delay in the 11th annual championships in this birthplace of the Little League movement.

The latest schedule, after a postponement due to rain yesterday and an earlier delay because of colds suffered by several boys, calls for both semifinal games today. Mexico plays Connecticut in the first and Michigan faces California in the second.

The final game is set for Friday afternoon with the consolation match that morning.

54 Report for Football

Practice At Biglerville;

Play First Game Sept. 14

Biglerville's gridiron warriors are "eager" and "anxious to learn" Coach Jack Emanuel said Wednesday as the 52 candidates for the high school's football teams began their first defensive workout.

Emanuel, who came to Biglerville from William Penn High School at Harrisburg, termed the rural youths who make up the squads in Adams County "the nicest group of boys I've met," based on his experience with the ninth through 12th graders at Biglerville High School who have been practicing since Monday.

With plenty of weight on the line, Emanuel is concentrating on training for defensive play today. He plans to couple a good defense with a running attack as the strategy for this fall's play.

Lack of depth in the backfield is anticipated as a major difficulty to be surmounted by the Cannons this year. Another problem is the general youthfulness of the players.

But eagerness to learn will help counteract lack of size and lack of replacements in some positions, the Biglerville coach held.

The 54 out for the squad had their physical examinations a week ago, received their equipment last Friday afternoon and began practice Monday morning at 8 o'clock on the Biglerville field. During their first week of practice they are holding drills each morning and afternoon with the noon-day meal

50-50 CLASS IS WINNER IN SLOW PITCH REC LOOP

The 50-50 class defeated the Luther League 7 to 3 Wednesday night in the semi-finals of the Gettysburg Recreation Slow Pitch League while The Gettysburg Times was a forfeit victor, 9-0, over the Varsity Club.

Gettysburg's football prospects put the damper on the Varsity Club's activities. A large number of the Varsity Club's players are also candidates for the football squad at the high school here and could not be present for the semi-final playoffs at Recreation field. Thus the Varsity squad was unable to field a team and had to forfeit the contest to The Times.

As a result of Wednesday's semi-finals The Times and the 50-50 Class will meet in a three-game series for the playoff championship beginning Monday, according to present plans. 50-50 Class was the regular season champion, with The Times runners up.

Six runs in the second inning sewed up Wednesday's game for the 50-50 Class. The 50-50 group secured nine hits including a homer and triple by Johnson and triples by G. Phil and G. Martin.

Presenting one of the strongest cases is Joey Lopes of Sacramento, Calif., who weaved, bobbed and sprayed shots at Brown last night in Chicago Stadium to earn a 10-round draw in a nationally televised and broadcast over-weight match.

Lopes, 10th-ranking contender, boasted afterwards that "I will beat him if he gives me a crack at the championship."

Wants Title Bout

Emmitsburg's 1st Town Pump Was In Square; It Served To Water Cattle, Passing Teams

Until recent years motorists passing through the Emmitsburg square were confronted with a huge street blinder which controlled traffic and masked the site of the early town pump.

Probably the well dates back to 1780 or perhaps 1786 when the town was first laid out. It was the custom then to dig a well in the center of town for public use. Cattle and passing teams were watered here also. Later a fountain was erected in the square when the well was no longer needed to serve the community needs.

First efforts to handle the community water problem seem to have been undertaken by Isaac Baugher, a prosperous merchant, who tried to interest the people in a project to pipe the water of Crystal Fount to town. But the people were satisfied with their own wells and the proposal was dropped.

25,000-Gallon Capacity
In the 1870's D. G. Adelsberger tried to revive the plan and began a reservoir on his lot of the famous Crystal Mountain Stream. Lacking public support he abandoned the project. On May 4, 1883, the citizens met at the Engine House to determine whether sufficient funds could be raised to pipe water into town. The first reservoir was built in 1883 and is still in use with a capacity

of 400,000 gallons. In 1893 a second reservoir with a 600,000 gallon capacity was constructed and in 1937 a third which holds 2,000,000 gallons. The last reservoir completed in 1951 and known as Rainbow Lake has a 25,000,000 gallon capacity.

The first pipe line consisted of 12,647 feet of six inch pipe and quickly became too small. In 1919 an eight inch line was constructed. Today there are more than 40,000 feet of main line.

First Officers
The first president of the water company was I. S. Annan. James Elder, Major O. A. Horner, George Ovelman, Lewis Motter, E. S. Rowe and E. R. Zimmerman formed the board of directors. Records show that John Donoghue was chairman of the first organization meeting, that William Ashbaugh and son were contractors for the first reservoir and that N. Row, and Son laid the first pipe line. The stock company was formed with a capital stock not exceeding \$12,000 to be divided in shares of \$10 each.

In 1923, five men, Thomas C. Hays, Albert M. Patterson, E. F. Ohler, P. Harry Gross and Charles McMathias, purchased the controlling interest in the company. Line extensions were made, new sources of water found, reservoirs repaired, 60,000 pine trees planted and the water shed cleared of houses.

At the present time Samuel C. Hays, a son of Thomas C. Hays, is president and general manager.

The large reservoir has been stocked with trout, bass, and pan fish and is open to fishing for members of the Indian Lookout Conservation Club.

Offer Drought Aid Program On Feeds
Emmitsburg Feed and Farm Supply, a Southern States Cooperative Service Agency, has announced a drought aid program to help the farmer and dairyman.

Dairy feed is being offered at a substantial saving. Sixteen per cent dairy krunch is being marketed at \$69 a ton and is available in bulk at \$64.

Prices will be maintained until further notice.

Add minced dill pickle, minced parsley, finely grated onion (pulp and juice) and capers to mayonnaise for a tartare sauce to serve with fish.

VFW Post Sponsors Smorgasbord, Dance

Something unique in the way of dining and entertainment will be sponsored by the Emmitsburg Veterans of Foreign Wars Post, Lumen P. Norris, post adjutant, announced this week.

The veterans are planning a smorgasbord and dance on August 24. The affair will get under way at 6:30 p.m. that evening and dancing will be held in the air-conditioned ballroom from about 8:30 until 12 midnight.

Music for the dancing, which will be held with candlelighting, will be furnished by the well-known Bud Codori orchestra.

The smorgasbord will feature a wide variety of favorite foods and will be open to the public, as will be the dancing. Admission will be \$1.25 and includes both the dance and the supper. No advance registration is required.

The annual Carroll County campfire will be held tonight at the Agricultural Center at 8:30 o'clock in Westminster, Md. The 4-H Older Youth Group will have charge of the meeting.

The Carroll County Farm Bureau members and their families are invited to attend a meeting in the Carroll County Agricultural Center, Westminster, on Friday at 8 p.m.

LIVING COSTS ADVANCE AGAIN

WASHINGTON — The cost of living rose $\frac{1}{2}$ of 1 per cent during July, the government reported today. It was the 11th consecutive monthly advance.

Food prices rose by 1 per cent, the Labor Department said, and carried the consumer price index to a record at 120.8 per cent of the 1947-49 level.

A department spokesman said about 1,300,000 workers will get wage increases of 1 to 6 cents, with the bulk of them getting a 3-cent-an-hour raise. These are workers whose pay contracts have an escalator clause tied to the index.

Food Prices Up
Food prices went seven-tenths of a per cent above the previous record peak of August, 1952, and 2.3 per cent above the level of a year ago.

Food makes up about 30 per cent of the government's consumer price index. For all other items, the government noted a decline of about a fifth of one per cent.

WILL OPPOSE PROMOTIONS

WASHINGTON — Sen. Margaret Chase Smith (R-Maine) today takes her fight against a general's rank for movie actor James Stewart to the Senate Armed Services Committee.

Mrs. Smith for several months has blocked committee action on Stewart's nomination to be a brigadier general in the Air Force Reserve. She contends the screen hero and others on an 11-man promotion list did not properly fulfill reserve training requirements.

Nominees for two Pentagon posts—Paul D. Foote to be an assistant secretary of defense and Richard D. Jackson to be an assistant secretary of the Navy — were called for questioning in public. A closed session was arranged for later to consider the reserve nominations.

President Eisenhower on Feb. 23 sent the names of Stewart and 10 other air reservists to the Senate for confirmation as brigadier or major generals. Stewart was a World War II combat pilot and now has a reserve colonel's commission.

Sen. Smith, herself a lieutenant colonel in the Air Reserve and chief sponsor of recent reserve legislation, opposed the promotion from the beginning.

REPORTS CAR STOLEN

Charles F. Sunday, 400 Main St., McSherrystown, reported to police Tuesday that his 1952 Dodge sedan, light blue in color and carrying Pennsylvania license plate 686-KA, was stolen between 3:30 and 10 p.m. Monday from where he had parked it on East Walnut St., Hanover. Police said he had left the keys in the car. State police here were notified.

The associated young people of Carroll County Farm Bureau are sponsoring a run off of their talent find and talk meet. State field representative Everett Ecker will report on state and national Farm Bureau activities. Vesta Null, and David Reifsnider, accompanied by Mrs. Leonard Reifsnider, will sing at this event.

Many Recommendations Made In 1954 Evaluation Of Gettysburg High School

Committee Of 16 Educators Found Much To Praise Also; Their Report Is Made Public

(First Article Of Series)

While a visiting committee of 16 educators found many things about the Gettysburg High School, its faculty, curriculum, program and the physical plant to commend, dozens of recommendations were made on many phases of the high school program when the Committee filed its complete written report on the evaluation made more than three years ago and only this month made public.

Copies of the 17-page written report filed by chairman Richard K. Smith, principal of Springfield Township High School in Delaware County, who headed the Committee in its three-day evaluation of the local high school on March 8, 9 and 10, 1954, were distributed to the members of the Gettysburg Joint School Board at their August meeting.

Not long after the evaluation was completed, the faculty was given an oral report on some of the items that drew commendations and recommendations from the Committee of 16.

Directors Asked For Copies
The Gettysburg Times asked the high school principal's office for a summary of the report at that time. The information was promised and then the promise was withdrawn "until the complete written report is received."

When that report was received it was not divulged but the report never was made public. Repeated inquiries from members of the Gettysburg Joint School Board finally brought about duplication of the report in sufficient copies to supply one to the board of each member district.

While the survey report is three years old and some of the recommendations made in the report have become accomplished facts, directors have found the report interesting not only because of the improvements that were recommended but because of the situations the Committee of 16 found worthy of commendation.

Such evaluations are made at 10-

year intervals.

Gettysburg teachers and administrators are called on occasionally to conduct similar evaluations of other public school systems.

"The evaluation has as its primary purpose," Chairman Smith wrote, "the improvement of the individual high school in the service it is rendering to the youth of the community which it serves. The point of view of the committee in coming to any school is highly professional and every attempt is made to be objective. Since the materials are comprehensive and the time of the visit is limited, it is easily possible that the committee may err in some of its judgments. Individual members of the committee, quite naturally, disagree regarding some items in the evaluation. By the time the committee finished its work, however, there was a noticeable unanimity of opinion regarding the school's salient points of strength and weakness."

Members Of Committee

In addition to the chairman the committee was made up of the following: Vice Chairman W. Allen Hammond, principal of the Milton S. Hershey School, Hershey R. 2; Martha Adams, mathematics teacher at the Carlisle High School; Carl W. Blank, agriculture, Oley Twp. High School, Oley, Pa.; Lynn G. Brennerman, music, South Middleton High School, Boiling Springs; Louis S. Edwards, arts, West Shore Joint High School, Lemoyne; James Gibboney, principal of the Shippenburg High School; Dr. Florence Gleitz, home economics, William Penn High School, Harrisburg; Dr. Sanders P. McComsey, dean of instruction at the Millersville State Teachers College; Stella Mezgar, librarian, Lebanon High School; Arthur Mills, assistant principal of Boyertown High School; Charles E. Price, supervising principal of the Hamburg High School; Lois E. Sheaffer, music and English, Manor-Millersville High School; Rev. Walter H. Shaul, principal of the Catholic High School at Harrisburg; G. Marlin Spaid, supervising principal

of the Lititz High School, and David S. Zimmerman, social studies, Mt. Penn High School, Reading, Pa.

The report was prepared by the chairman of the Committee of 16 and in an explanatory paragraph states that he has tried to express "the consensus of the entire committee."

The report made some general observations first about the community and the school population in which it finds the "intelligence quotients and grade age levels for pupils here quite average."

"Best Elements Of American Life"
Those interesting general observations are reproduced herewith in full:

"It is apparent from our observations and the school report that Gettysburg is a fine community, typical of the best elements in American rural life. It is a stable, clean, and orderly town made up of sincere and hardworking people. The college is a very real part of the community and cultural contributions and a spirit of cooperation are quite apparent."

"The Battlefield is quite rightly a source of great pride to the people of Gettysburg and visitors can feel that it serves as a constant reminder of the unique historical position held by this fine community."

Student Body "Normal"

"The people of the Gettysburg community seem to be a stable, hard working group engaged in a large variety of gainful pursuits. It is not heavily industrial but many of its citizens are engaged in industrial employment in surrounding communities. The committee was pleased to note that most of the mothers remain in the home and that the family units were complete in most cases."

"As judged by the statistics furnished by the school, the educational level of the parents is not unduly high but it is apparent that they seek a higher level for their children."

"The student body seems to be quite normal and to reflect the stability of the community. Intelligence quotients and age grade levels seem to be quite average. It was pleasing to note the very high proportion of pupils who finish their high school education and who plan to continue in higher education. The committee was most favorably impressed by the courtesy and friendliness of the pupils."

The report has the following to

say about the educational needs of youth in the Gettysburg community: "The administration (then headed by Dr. Lloyd C. Keefe, now retired superintendent of schools) and the entire faculty are to be commended on the careful study made of the needs of its youth and the efforts being made to meet them. The philosophy as developed was noted and accepted by the committee."

"In general the school seems to subscribe to a middle of the road philosophy which recognizes the variety of needs of its pupils. Much progress has been made in better meeting these needs but the committee recommends that a continuing study of the curriculum be instituted to better insure that the changing needs are met as they evolve and are identified."

One move in the direction recommended above was taken after the evaluation by adding curriculum responsibilities to those of the teacher committee of the joint school board.

Program Recommendations

The committee had some general observations and specific recommendations with regard to the program of studies at the local high school.

That section of the report follows in full:

"If a program of studies is to recognize the needs, both individual and group, of secondary pupils in a rapidly changing world, it must be sensitive rather than nervous, flexible but not shapeless, and serviceable instead of merely accommodating. It should encourage experimentation and should foster growth as well as establish responsibility. The committee feels that the Gettysburg High School is cognizant of these factors, albeit somewhat limited facilities and school time for exercising them."

"The committee commends the school for the fine spirit of cooperation among administration faculty and pupils; for the obvious loyalty of the pupils to their school; for the wholesome, professional attitude of the faculty and for the flexibility of the program."

Want Curriculum Expanded

"The committee recommends increased facilities for classroom work; further study of the program to meet the needs of all pupils; the advisability of extending the remedial reading program; the establishment of a curriculum committee to

DEMOCRATIC LEADERS COOL ON GOP PLAN ON CIVIL RIGHTS

WASHINGTON (AP)—Democratic congressional leaders were reported cool today to a new Republican proposal for breaking the deadlock over civil rights.

At the same time, Republican leaders were said to be in the

mood to revise their proposal somewhat in an effort to win Democratic support.

There appeared considerable doubt that the two sides would get together, at least for the present, on some formula to get the stalled bill moving toward final passage.

The GOP proposal would give federal judges limited powers to punish for criminal contempt in voting rights cases, without a jury trial.

House Republican Leader Martin of Massachusetts unveiled the Republican plan yesterday after President Eisenhower had told newsmen it was coming. Eisenhower endorsed it.

The GOP proposal would give judges sole discretion to decide whether there should be a jury trial in voting rights cases in which a person is accused of criminal contempt for violating a court injunction.

If the judge tried the case without a jury, he could impose a penalty no stronger than 90 days in jail and a \$300 fine. In the event he decided there should be a jury trial the defendant—if convicted—might be imprisoned for as long as six months and fined up to \$1,000.

The Democratic leaders, after studying this proposal, were understood to object to it, in part because they feel it would involve prejudgment by a judge of a possible penalty.

After the Senate passed its bill Aug. 7, the measure went back to the House, where it now is lodged in the Rules Committee.

Four Northern and Western Democrats started action last

Monday to get a meeting of the committee. They filed written notice with the chairman. He had three days to decide, and that time ran out last midnight.

Today, Chairman Howard D. Smith (D-Va.) reiterated he has no intention of calling a meeting. Three other Southern Democrats on the committee stand with Smith in opposing civil rights legislation.

Thus the four pre-civil rights Democrats on the committee must have the support of at least three of the committee Republicans to force a meeting and get action on the stalled bill.

In giving advance word of his new GOP proposal, Eisenhower told his news conference: "To my mind, it will still have a sufficient effectiveness in the bill so that it would be acceptable to everybody, and yet does quiet any justifiable alarms that others might have as to excessive punishment of any kind."

ST. PETERSBURG, Fla. (AP)—Howell Cheney, 87, Connecticut industrialist who retired several years ago, died yesterday. He had been engaged in the silk manufacturing business and also participated in many Connecticut educational and welfare projects. He was the father-in-law of Glenn Neville, editor of the New York Mirror.

LIVINGSTON, Mont. (AP)—Dick Randall, 90, well known big game hunter, said to be Montana's first dude rancher, and one of the organizers of the National Dude Ranchers Assn., died Tuesday. He was born in Iowa.

Little Change In Weather Across U. S.

By THE ASSOCIATED PRESS

The nation's weather showed little change today, with pleasant temperatures continuing in most areas. There were some wet spots.

Skies were clear and there was a general warming trend over most of the country from the Plains states to the Atlantic Coast. However, light showers and cloudiness were reported from the southern New England coast into Maryland and showers continued in the southern Florida peninsula. Rainfall in Miami measured nearly 3 inches in 24 hours.

FIVE ARE BURNED IN BOAT BLAST

BALTIMORE (AP)—A crew of 14 was loading high-octane gasoline in a 230-foot motor barge in Baltimore Harbor yesterday when something went wrong.

The resulting fire and series of explosions burned five men, four of them seriously, and kept city fireboats and Coast Guard craft busy for more than five hours.

The fire finally put itself out last night when the water-laden stern of the vessel—with 14,000 gallons of aviation gasoline aboard—sank to the bottom in 20 feet of water. The Coast Guard had planned to sink it if the supply of fire-fighting chemical foam ran out.

Firemen didn't finish their work until after midnight. The Coast Guard alone had about 50 men on the job.

Boy, 2, Rescued From 17-Ft. Well Test Hole In 5 Hours

BIG RIVER, Sask. (AP)—A 2-year-old boy playing on his grandmother's farm tumbled into a 17-foot well test hole at supertime last night. Five hours later volunteer rescue workers brought him out through a hastily dug parallel excavation.

Little Kimdale Smith was reported by doctors to be in "very good condition" after being pinned by the shoulders in the footwide hole. His feet were free to move in two inches of water.

Nurses said the lad was cheerful despite the experience that kept him wailing while his mother talked to him from the top of the hole. He was wearing only short pants and she told him to kick his legs to keep warm in the chilling night air of west central Canada.

100 Volunteer Diggers

Approximately 100 volunteers with shovels and two digging machines answered police siren alarms and came to the farm about a mile north of this lumbering and fishing town of 900 persons.

The test hole was dug in preparation for sinking a well on the farm. Kim disappeared about supertime and his crying was heard half an hour later from the bottom of the well.

For a while after he was found, he was silent. But as volunteers rallied in for a desperate attempt to reach the boy in time, he began a wailing that at least was reassurance he was still conscious. Oxygen was forced down the hole to him.

His mother, Mrs. Fred Smith, kept up a reassuring conversation with the lad as the rescuers started to sink a shaft parallel to the hole. All others were kept away from the top of the hole to prevent possible cave-ins around the mouth.

The ground is hard clay soil and there was no problem of earth slides or collapsing walls such as have plagued other rescuers in similar emergencies.

With a doctor standing by, the men worked beneath a hastily rigged lights to dig down 17 feet. Then they tunneled over to the boy.

Hustled out carefully, Kim was rushed to the hospital and pronounced not much the worse for the experience.

WEALTHY DONOR SKIPS FAMILY

PITTSBURGH (AP)—Because of his wife's objections, a wealthy Pittsburgh inventor has been stopped from giving a North Side district church \$100,000 and his 21-acre estate.

Judge Henry X. O'Brien of Allegheny County Common Pleas Court issued a restraining order yesterday, preventing Daniel A. Marra from giving his donation to the Christian and Missionary Alliance Church. Judge O'Brien set a hearing for next Monday on the issue.

In filing the petition, Mrs. Marra said she has not received any alimony for the support of herself and five children for "many months." She obtained a legal separation in 1951.

The 55-year-old Marra said he wanted to use his \$550,000 fortune to become an evangelist to "spend my life reviewing for people the words of Christ."

Marra offered to give the \$100,000 to the congregation to establish a home for boys. The estate includes a 16-room house and an outdoor swimming pool.

The Pentagon covers 32 acres of space.

BIG 3 SILENT ON REUTHER'S PRICE CUT PLAN

By DWIGHT PITKIN

DETROIT (AP)—The Big Three are keeping a tight-lipped silence on what their replies will be to Walter P. Reuther's proposal that they cut prices on 1958 cars this fall and in return the United Auto Workers will go easy on wage demands next year.

Reuther called it a plan to stop and reverse the inflationary trend. The hush-hush attitude — "no body is leaking a word" — is a sign of the respect top industrialists have for the forensic and bargaining talents of the UAW chief.

The best talent at General Motors Corp., Ford Motor Co. and Chrysler Corp. apparently is at work on the task of phrasing a reply to Reuther's 6,000-word letter. In saying no to Reuther, the companies have to convince the public they too are against inflation.

The impression here is that the auto industry regards Reuther's proposal as a clever propaganda maneuver. Reuther said it was a sincere proposal — not a publicity device.

Industry circles say price tags on 1958 models, when they are introduced this fall, will go higher because of already mounting labor and material costs. They say the present contracts with the

Deposits Gold Coin In Nickel Meter

PITTSBURGH (AP)—The city treasury has hit the jackpot with one of its parking meters.

A valuable gold coin was found yesterday among the nickels collected from parking meters.

"Whoever put it in a meter either made a mistake or thought it was a slug," said City Treasurer David A. Smith.

Smith declined to give the value of the coin or describe it, except to say "it's worth more than a nickel."

The city is willing to return the coin to its owner if he can properly describe it—and upon payment of a nickel for parking.

formed Reuther by telephone that Ford didn't care to get into a public debate on the merits of the shorter work week.

FIREMEN MEET
AT KINGSDALE

The Kingsdale Volunteer Fire Company No. 1 met one week early, on Monday at the engine house, to make final plans for the ninth annual carnival to be held each evening next week, Aug. 26 through 31. The affair will take place on the grounds adjoining the engine house, two and a half miles from Littlestown on the Taneytown Rd.

The following entertainment has been scheduled: Monday, Sally and Shorth Finch and their Rhythm Ranch Gang; Tuesday, 101 Ranch Boys; Wednesday, John Pitcher and His 20-Piece Accordion Band, also a cake and pie contest; Thursday, annual Beauty Contest to crown Miss Adams County Firemen, when the winner receives \$75. cash, other prizes and gifts will be given, and the emcee will be Al Comery, of WJVR, Hanover; Friday, Twilight Entertainers, also name the Mystery Man with a prize of \$25 to the winner; Saturday, special kids contest and music by the Littlestown High School Band. All entertainers will present their first one-half hour program at 7:30 p.m.

The company will give a 1957 automobile as the grand prize, to be awarded on the closing night, Aug. 31. Other valuable prizes will be given each evening. The serving of carnival refreshments and supper will be in charge of the Ladies' Auxiliary. Arrangements were made to offer free parking.

At the conclusion of the meeting, refreshments were served by Fred Gerrick and Claude Gerrick. The next regular meeting will be held at the engine house on Monday, September 30.

A surprise stork shower was held recently in honor of Mrs. Russell Garvick, Hanover, at the home of Mrs. Earl Bowman, Hanover, R. I. Co-hostesses were Mrs. Bowman and Mrs. George Trump, Littlestown, R. D. The room was decorated with a small white crib from which were attached yellow and green streamers. Mrs. Garvick received many gifts, which she opened and displayed. A buffet lunch was served to the following guests: Mrs. Garvick, the guest of honor; Mrs. Laverne Garvick and Gregory, Mrs. Preston Albright, Mrs. Emma Miller, Mrs. Hilbert Garvick, Mrs. Donald Meckley and Mrs. Alvin Schuchart, Mrs. Cletus Houser, Mrs. Oscar Garvick, Mrs. Lloyd Spangler, Miss Audrey Sterner, Miss Judy Wildison, Mrs. Paul Rinehart, Mrs. Eugene Schuman, Mrs. Earl Trish, Miss Margaret Smith, Mrs. Joanna Rinehart, Mr. and Mrs. Henry Meckley, Mr. and Mrs. Preston Bollinger, Mr. and Mrs. George Trump and son, David, Mr. and Mrs. Earl Bowman and son, Steve.

Mrs. Naomi C. Schwartz, near town, returned home today after spending the past week with Mrs. Lynn Smith, Walkersville, Md. **Bridal Shower Held**

Mr. and Mrs. Loy A. Wehler and sons, William and Edward, Jersey Shore, visited with his mother, Mrs. Jennie Wehler, N. Queen St., on Tuesday.

A bridal shower was held on Sunday evening at the home of Mr. and Mrs. Ernest Barnes, Littlestown R. 2, in honor of Donna Metzel, Shrewsbury, who will be married to the darsness grandson, Donald C. Alwine, son of Mr. and Mrs. Hershel Alwine, New Freedom. Miss Metzel received many gifts, which she displayed. Refreshments were served by the hostesses, Mrs. Barnes and her daughter, Mrs. Lloyd Bortner, to the bride-elect; Mrs. Clarence L. Hall and daughter, Barbara, Mrs. Charles L. Hall, Mrs. John Hall, Mrs. Hershel Alwine, Mrs. Clarence A. Hall, Mrs. Fred W. Rutase, Mrs. William Klinefelter and daughter, Kay, Mrs. Marion Kagarise, Mrs. Lewis H. American Religious
Interest Is Growing

NEW YORK (AP)—Robert T. Stevens, former Secretary of the Army and newly-named chairman of the Religion in American Life Program, says Americans are becoming more religious-minded.

The non-sectarian program he heads includes a yearly campaign backed by the advertising industry, urging people to attend church or synagogue regularly. Says Stevens, now a textile executive:

"There are definite evidences not only of a growing interest in religion in America today, but also of a real deepening of our spiritual life."

Hungarian Reports
On Religious Freedom

VIENNA, Austria (AP)—The relationship between church and state in Hungary "has very much improved," says Bishop Lajos Ordass, primate of the Hungarian Lutheran Church.

In his first trip outside his homeland since 1948, the bishop who was freed last year from a Red prison told a clerical conference that the Hungarian Church was now allowed to do more Christian education work than previously.

Spoon ice cream into an ice tray when you are planning to store it for a short while in the ice-cube compartment of your refrigerator; it will keep better that way than if it is stored in its paper container.

Jersey Nun Fulfills
CPA License Needs

CONVENT STATION, N.J. (AP)—Sister Kathleen Mary of the Sisters of Charity became New Jersey's

first CPA nun recently when she passed the state's Certified Public Accountant examination.

Sister Kathleen worked from 9 to 5 in a Newark, N.J., accounting office for some time to fulfill the

requirements necessary before taking the exam. A graduate of the College of St. Elizabeth, she received an M.A. degree in business administration from Boston University and held a position in the

accounting field before entering the Sisters of Charity in 1947.

WEIGHT-LOSING CONTEST

LEWISTON, Maine (AP)—Charles W. Harvey, 26, a 410-pound tape

salesman from Nashua, N.H., has challenged State Rep. Albert E. Cote, a 353-pounder, to a weight-losing contest. The first man who loses 100 pounds would be the winner. He said he plans to go on a

diet anyway, "so why not make it a contest."

College Entrance Difficult; Costs Are Skyrocketing And Requirements Are More Rigid

Mike's only in eighth grade? Plenty of time to think about college?

Don't be too sure. Colleges are getting choosier — and more expensive. To make sure Mike gets in when the time comes, both you and he are going to have to get busy now.

Two words tell the story. For you the word is: Save. For Mike's Study.

Need College Fund
Unless your income has enough slack for you to shell out about \$2,000 a year to send Mike to a private college, or about \$1,500 for a tax-supported one, you're not going to make it without a college fund in the bank.

Those are the average total costs — tuition, fees, living expenses, as estimated last spring by the U. S. Office of Education. Costs were found to be just about twice as much now as in 1939-40.

There's considerable variation, of course. Mike could get by on \$974 at a teachers' college in the South. But it would take \$2,099 for a year at one of the big universities of the Northeast.

For most of us, it all boils down to saving now or borrowing when the time comes — probably both.

Massachusetts recently set up an "insured loan" plan under which state resident students can borrow up to \$500 per year at interest just 1/2 of one per cent higher than the "prime" rate paid in Boston by the best credit risks. A special corporation protects banks against 80 per cent of possible loss. A student may take up to 3 1/2 years after graduation to pay off.

Legislatures and citizens' groups of several other states are looking

into the plan. Many colleges already have loan funds.

Tuition Plan Inc.
Or, you may be able to pay as Mike goes. Tuition Plan Inc. (347 Fifth Ave., New York, N. Y.) has arranged with some 125 colleges to pay them a lump sum, relieving students' dads of a September and January kick in the wallet. Dad pays Tuition Plan so much a month (at four per cent interest).

Scholarships? Sure, there are many — and some go unclaimed year after year. Few begin to pay full cost of a college education, but some will go a long way. Have Mike ask his principal about the new National Merit Scholarships. They pay as much as \$2,100 for students from neediest families (but as little as a \$100 recognition grant to students from wealthy families).

At least 200 four-year National Merit Scholarships are awarded each year. The NMS student may go to any college that will accept him. Many scholarships are good at only one or a few schools.

Books Available
There are several books listing scholarship opportunities. A new one, "You Can Win A Scholarship," by Brownstein, Weiner and Kaplan (Barron's Educational Series, Inc.), lists 150,000 scholarship opportunities, tells how to apply for them, and supplies review and drill questions based on past scholarship examinations.

Most scholarship funds specify need and good grades to qualify. S. Norman Feingold, who made a survey of scholarships for B'nai B'rith, Jewish service organization, found that many funds rule out families with incomes over \$8,000 a year.

As for grades:
"Some funds specify that good grades mean a straight A average," Feingold said. "For other funds A's and B's are more than sufficient."

Good Grades Count
But: "We can say, with few exceptions, C students are not eligible for scholarship help."

HOW STUDENT EXPENSES HAVE SOARED

Mike's just an average kid, probably won't capture a scholarship.

Even if he does, unless it's for a specific college he'll still have to be accepted by a school.

Entrance Difficult
And colleges are getting harder to get into. By the time Mike's ready — which will be about the time the wartime baby boom hits — the gates will be even higher. A survey by the Assn. of American Colleges indicates that colleges' expansion plans will provide at best "a very slender safety margin."

So here is where Mike's part comes in: Study, starting right now.

"All young people who want to go to college," says Dean Arthur Howe of Yale, "should begin think-

ing along college lines as early as the seventh or eighth grade and then pick their high school courses according to what will be expected of them three or four years later."

Extras Help
"Given two equally good scholastic records," says a Cornell University official, "the student with the well balanced extras may get the call."

The story is the same at Yale. Howe reported last fall that the entering freshman class not only was the best on record scholastically but that it was heavily sprinkled with former high school district council officials.

KINDERGARTEN DO'S AND DON'TS

Beginnings always are important. The start of kindergarten, of first grade, of high school presents special problems and opportunities to students and to parents. Here are some Do's and Don'ts for the guidance of parents from experts.

The first beginning — kindergarten for some, first grade for others. These Do's were prepared by a top authority, Dr. Katharine Whiteside Taylor, Supervisor of Parent Education in the Baltimore Public Schools, assisted by a committee of three Baltimore principals — Misses Kathryn Wilhelm, Ruth Miller, and Grace Naumann. DO as much as you can. (For "Don'ts" see list for Elementary School Parents.)

DO
TEACH YOUR CHILD to go some places alone before he goes to school.

TAKE HIM WITH YOU to register him at school.

WALK TO SCHOOL with him several times as opening day nears. When he knows the route and you know it is safe, let him go alone on foot, bus or streetcar.

IF YOU MUST GO with him for his safety, stop at the school

entrance, cheerfully say goodbye, and leave him to get acquainted with his classmates.

SHOW BY YOUR words and attitude your belief that school is a happy, important place.

TEACH YOUR CHILD to pro-

nounce distinctly, and to give when asked, his full name, parents' names, address, and phone number.

TEACH HIM TO WALK on the city sidewalk, or on the left side of a country road, facing oncoming cars.

TEACH HIM TO LOOK carefully, left and then right, before crossing a street, and to walk, not run, across.

TEACH HIM TO BE careful boarding or leaving vehicles, and to sit quietly.

TEACH HIM to refuse rides with strangers.

GIVE HIM PLENTY of opportunities to play with children his own age.

EXPLAIN HOW OTHER children feel if he hits, snatches toys, refuses to take turns.

TEACH HIM TO SHARE ideas, property, knowledge.

TEACH HIM TO PUT away his toys.

TEACH HIM TO CARRY fluids without spilling, to manage fork and spoon, to use crayons, paste and blunt-end scissors.

TEACH HIM USE of the words toilet, lavatory, and to go to the toilet alone.

TACH YOUR CHILD to cover his nose and mouth with a handkerchief when sneezing or coughing.

HAVE HIM GET at least 10-12 hours sleep each night.

WAKE HIM EARLY enough to

start to school without undue hurry.

TEACH HIM TO WASH himself, to tie his shoes.

GIVE HIM a good breakfast. **ATTACH HIS MITTENS** or gloves firmly to his coat.

HAVE HIS CLOTHING comfortable, large enough, easy for him to manage. Mark every piece plainly with his name.

HAVE BIG LOOPS on coats and sweaters so he can hang them up himself.

LET HIM DO some tasks at home every day, such as setting the table, bringing in the mail.

GIVE HIM ONLY one direction at a time, and follow up to see he carries it out.

PRaise HIM EVERY day to develop self-confidence. Avoid nagging.

MAKE HIM FEEL he is loved as an important member of the family group.

TAKE HIM TO VISIT many places and see many things.

READ BOOKS WITH HIM, let him read to you, etc. Let him retell stories and reenact TV plays.

HELP HIM USE correct names for things.

DISCUSS PROBLEMS with him. Let him participate in the solution as far as possible.

TO HELP YOUR child's teacher, for the first two weeks, pin onto his clothing with a safety pin, a card on which you have printed his name, age, home address and phone number.

U.S. Must Decide What To Do With 2,102 Miles Of Toll Rds.

By G. K. HODENFIELD

WASHINGTON (AP)—The Bureau of Public Roads, squeezed between rising costs and declining income, has incorporated 2,102 miles of toll roads in 15 states into the 41,000-mile network of interstate and defense highways.

It will now be up to Congress to decide whether the government should purchase the roads and make them toll-free, or let the states continue to collect the tolls and maintain the highways.

The latter course seems the more likely, at least for the time being.

The nation's vast road building project is on a pay-as-you-go basis, and there just isn't enough in the highway trust fund to pay off the billions of dollars in bonds floated by the states to construct the toll roads.

The 2,102 miles incorporated into the interstate and defense system today include 1,837 miles now open to traffic.

Pennsy Is Affected

The routes approved include all or major portions of the New York Thruway, of turnpikes in Indiana, Kansas, Kentucky, Maine, Massachusetts, New Hampshire, Ohio, Oklahoma and Pennsylvania, and of Florida's Sunshine State Parkway.

In addition, a small part of the New Jersey Turnpike and still incomplete toll roads in Connecticut, Illinois and Virginia were included.

The action to incorporate the toll roads into the interstate system was taken at the request of the various state highway departments.

Two Requests Rejected

West Virginia and Pennsylvania were turned down in similar requests for the West Virginia Turnpike and Pennsylvania's northeast turnpike extension because those highways do not follow the general lines of the interstate routes.

The Garden State Parkway of New Jersey was not considered since it carries only passenger vehicles and the interstate system must be open to mixed traffic. Only eight miles of the New Jersey Turnpike, from the Holland Tunnel to the Newark Airport, were included.

BRITISH HERO DIES

OSLO (AP)—Lord Mountbatten, legendary British naval hero, died on Tuesday at his mountain cottage at Gola in central Norway. He was 76.

Born Edward Ratcliffe Garth Russell Evans, he was best known as "Evans of the Broke." The Broke was a British warship in World War I whose crew—led by Evans—figured in a hand-to-hand fight with German raiders.

BITTER BATTLE ON AID PROGRAM WILL CONTINUE

By ERNEST R. VACCARO

WASHINGTON (AP)—Sen. Thye (R-Minn.) said Wednesday foreign aid supporters will try to win approval of a minimum of three billion dollars in new funds from a bitterly divided Senate Appropriations Committee.

The committee is embroiled in a hot dispute over just how much money is available for military and economic assistance abroad from appropriations in previous years.

Officials of the International Cooperation Administration were called into a new closed hearing to give the committee details on how much uncommitted foreign aid money actually is available.

Total Available

Sen. Lyndon B. Johnson of Texas, Senate majority leader, said the committee had been informed the total available for the aid program would come to 12 billion dollars, counting in fresh appropriations voted by the House—\$2,524,760,000 in new funds and \$667,050,000 in reappropriations.

Johnson included in his total more than six billions in funds from previous years which still are in the foreign aid pipeline. Supporters of the aid program have argued that most of these unspent funds already are committed to pay for items not yet delivered.

He also mentioned as part of the 12-billion-dollar total about 1½ billion dollars which he said is available in farm surplus disposal funds and more than a billion in counterpart funds. These are local currencies of countries which have been receiving aid. Counterpart funds generally can be spent only in the country involved.

"There is no 12 billion available," replied Senate Republican Leader Knowland of California. He promised the committee "ample clarification of just how much money is available for all forms of overseas assistance."

HARRISBURG (AP)—R. Warren Grigg of Merion promised to help the Pennsylvania Industrial Development Authority maintain its record as he became a member of the agency.

He took the oath of office on Tuesday for a one-year term in the unsalaried post. Grigg is general manager of industrial development for the Pennsylvania Railroad.

BONNET BRIGHT—Shirley Temple, familiar to moviegoers of the 1930's as the little girl who charmed away depression blues, holds news conference in San Francisco. In private life she's Mrs. Charles Black of Atherton, Cal.

Japs Drop Charges Against U. S. Pilot

MITO, Japan (AP)—The Mito district procurator's office announced that it has dropped plans to file charges against an American pilot whose plane struck and killed a Japanese woman Aug. 2.

The announcement said a thorough investigation had determined that 1st Lt. John L. Gordon of Erie, Pa., was performing "official duty" at the time and was not stunting, as some accounts had charged.

U.S. Air Force spokesmen said no decision had been made yet on whether Gordon might face charges in a military court, but earlier Air Force announcements said the woman's death was accidental.

Gordon's L20 liaison plane struck and killed Mrs. Jaru Hojo, 63, during takeoff from the Mito gunnery range, 65 miles north of Tokyo. Mrs. Hojo was riding a bicycle.

NO REST

RICHMOND, Va. (AP)—Lights gleam all night from an eight-foot square cupola atop the former administration building of the Old Soldiers Home here—keeping some tobacco plants awake. The plants are being used in research on tobacco protein. A continuous supply of new plants is required, hence the lights to keep them growing at a double pace.

LAWMAKER SAYS TRAVEL ABROAD IS INVALUABLE

By JOE KOENIG JR.

AP Special Washington Service WASHINGTON (AP)—Rep. McConnell (R-Ia.), rounding out 13½ years in Congress, maintains that every congressman should travel abroad during his tenure of office.

McConnell, whose resignation becomes effective Sept. 1, said he has made only two trips abroad during all his years here.

"I realize now it has been a mistake," he said.

Invaluable Background Although "junkets," as they are

termed in some quarters here, have come in for widespread criticism, McConnell believes this should not stand in the way of honest, fact-gathering trips.

"I am strongly of the opinion that every member of Congress should visit other nations during his tenure of office," he said. "It will provide invaluable background information in his consideration of many problems before us today."

Report to Congress The publicized unfavorable actions of a very few members of Congress should not obscure the value of such trips.

McConnell's remarks were made in a report to Congress on operation of the International Labor Organization—his last, he said, before he leaves the House to become executive director of the United Cerebral Palsy Funds, Inc.

McConnell, a Philadelphia investment banker who lives in suburban Wynnewood, Montgomery County, long has been known for his interest in labor and education legislation.

He acted as flood manager for President Eisenhower's aid to education bill and in the field of labor served twice as the government's representative at ILO meetings at Geneva, Switzerland.

Despite much criticism of United States' participation in the ILO since Soviet Russia's return to membership in 1954, McConnell firmly believes this country should remain active in the organization.

Venezuela was named by Spanish explorers who thought that the Indian huts built on piles over the waters of Lake Maracabo looked like a "Little Venice."

Radiation Experts Declare Terror Tales Are Overdone

UNIVERSITY PARK, Pa. (AP)—A New York city radiophysicist said today that radiation exposure may be blamed for unrelated ailments because "the public has been presented with a large amount of information on a hazard it cannot understand and thus fears."

"Radiation exposure may be blamed for every ailment, regardless of casual relation," Saul J. Harris declared in an address prepared for a special radiological health session of the 6th annual Pennsylvania Health Conference.

"Experience has shown that the industrial hazards from radiation can be dealt with," he added. Harris, assistant manager of technical services for the Atomic Industrial Forum, Inc., a research group, called upon 1,000 public health workers to help place radiation hazards "into a true perspective in the minds of the public and working force of our nation."

State Requires Registration
Harris listed Pennsylvania as one of eight states that require registration of radiation sources. He said the very act of registering sources "provides a stimulus for conscious recognition of radiation hazards and their control on the part of the owner."

Another noted speaker on the subject singled out diagnostic medical X-rays as the largest single source of man-made radiation to which the public is exposed.

Dr. Clinton C. Powell, chief of the radiological health medical program of the U.S. Public Health Service, explained that it will be many generations "at least" before any direct evidence concerning genetic effects of radiation is available. He cited this hazard of low-level radiation exposure as gaining probably the greatest attention in current days.

Shoe Fitting Radiation
Another speaker on radiation, Dr. Jan Lieben of the State Health

Department, said that the radiation dose received during a viewing of a foot through shoe fitting fluoroscopes is equivalent to that received when a leg is X-rayed. He reported that 95 per cent of the fluoroscopic shoe fitting devices have been removed from state stores since they were outlawed by the state advisory health board.

Dr. Berwyn F. Mattison, state health secretary, termed radiation a "major new public health hazard."

"It will take the best efforts," Mattison said in a prepared speech, "of health agencies, official and non-official, of industry, of the healing professions, of educational institutions—to assure future generations that the many boons made available to them through atomic energy shall not be overbalanced by the harmful effects of those same forces."

Property Transfers

The following property transfers have been recorded in the office of the register and recorder:

Elmer J. and Fannie M. Herr, Conewago Twp., have sold to the School District of Conewago Twp., a ten-acre property on the north side of Elm Ave., Conewago Twp., near McSherrystown, for \$15,000.

C. David and Valda L. Pitzer, Gettysburg R. 2, have sold to Patrick W. and Ann B. C. Barclay, Westport, Conn., two tracts of land containing 34 and 56 acres in Franklin Twp. for the consideration of one dollar. The property is valued at \$13,500.

William A. Cooley, Menallen Twp., has sold to Paul L. and Eva W. Cooley, Arendtsville, two tracts of land in Biglerville for one dollar.

Irene and Maurice Sterner, Butler Twp.; Mary and Russell Derr, Viola and Charles Harner, and John L. Fleck, all of Cumberland Twp., have sold to John L. Fleck, Cumberland Twp., three tracts of land in Cumberland Twp. along Ridge Road and Route 15 leading from Moritz to the Taneytown Rd., for \$2,250. Two of the tracts are listed as containing 85 and 45 acres.

Mildred M. Adelsberger, Huntington Twp., has sold to Richard L. and Evelyn M. Cline, Carlisle, Pa., a three-acre property in Huntington Twp. for \$4,000.

Orndorff Brothers Inc., Gettysburg R. 5, sold to Ivan M. and Mary C. Bollinger, Mount Pleasant Twp., a property in Mount Pleasant Twp. for \$12,225.

C. F. and Grace E. Crum, Menallen Twp., have sold to Earl R. and Ida C. Kuykendall, Arendtsville, a lot in Menallen Twp. for one dollar.

MILK STRIKE IN NEW YORK AREA IS "SETTLED"

NEW YORK (AP)—A Teamsters strike that threatened to cut off milk supplies for 12 million consumers in the metropolitan area was settled Wednesday.

Representatives of Local 770 of the International Brotherhood of Teamsters and the Dairy Transport Assn. reached agreement after a five-hour conference.

Monday night 950 drivers who transport raw milk from upstate dairy farms to the metropolitan area walked out in a contract dispute with the association. The association represents 25 milk-hauling concerns.

No general shortage of milk developed before the strike ended. The new contract provides a 70-cent-an-hour wage increase over a three-year period, with 40 cents the first year, and 15 cents in each of the next two years.

Pension, Vacation, Holidays
Prestrike wages ranged from \$1.87 to \$2.07 an hour.

The agreement also provides a pension program, increased vacation and holiday time, and other fringe benefits.

After the agreement was announced, a spokesman for the employers said the milk trucks would start rolling immediately.

The union had asked for an 86 1/2-cent hourly boost and other benefits over a three-year period. The employers originally offered 50 cents over four years.

The local that went on strike represents all but 200 of the 1,150 drivers who haul milk to the metropolitan area. The 200, who belong to teamster locals in Brooklyn, Scranton, Pa., and Utica, N.Y., stayed on the job.

DIFFERENT MEAT LOAF

Ingredients: 1 egg, $\frac{1}{2}$ cup milk, $\frac{1}{2}$ teaspoon salt, $\frac{1}{2}$ teaspoon pepper, 1 teaspoon curry powder, 1 small onion (finely grated), $\frac{1}{2}$ cup quick-cooking rolled oats, $\frac{1}{2}$ lbs. ground beef, 2 eggs, $\frac{1}{2}$ cup milk, $\frac{1}{4}$ teaspoon salt, 1 teaspoon bottled horseradish.

Method: In a medium-sized mixing bowl beat one egg enough to combine yolk and white; mix in $\frac{1}{4}$ cup milk, $\frac{1}{2}$ teaspoon salt, pepper, curry powder and grated onion (pulp and juice). Stir in rolled oats. Add ground beef and work in thoroughly with fork or fingers. Pack mixture into baking pan (8 by 8 by 2 inches). Bake in moderate (350 degrees) oven for 30 minutes. Beat two eggs, $\frac{1}{2}$ cup milk, and $\frac{1}{4}$ teaspoon salt until combined; stir in horseradish. Pour over meat loaf after it has baked 30 minutes; return to oven for 30 minutes longer. Let stand five minutes before slicing. Makes eight servings.

FAMILY LUNCH

Good recipe to keep in mind when you aren't sure who is showing up for lunch because you can bake

only as many servings as needed.
Baked Spanish Eggs
Cooked Green Peas
and Celery Salad

Applesauce Beverage

BAKED SPANISH EGGS

Ingredients: For each serving—

3 tablespoons tomato sauce, 2 green olives, 2 eggs, 2 tablespoons grated Romano or Parmesan cheese.

METHOD: Put the tomato sauce into a buttered individual shallow baking dish—a heat-resistant glass pie plate that is about six inches in diameter and one inch deep is fine. Cut olives from pits in thin strips, chop and add to sauce. Break eggs over tomato sauce, without breaking yolks. Sprinkle with grated cheese, making sure yolks are covered with it. Bake in slow (325 degrees) oven until eggs are firm—about 25 minutes. Serve at once.

Note: Canned meatless tomato-mushroom spaghetti sauce is fine to use in this recipe.

BIG ADDITION

POWELL RIVER, B. C. (AP) — A new machine to produce 300 tons of newspaper daily has been installed by the Powell River Paper Co. It boosts the mill's capacity by 25 per cent, or 90,000 tons a year.

CHICKEN DISH, ITALIAN STYLE

(ITALIAN STYLE) —
By CECILY BROWNSTONE
The Associated Press

Looking for a new chicken dish? Then you might like to try this casserole of chicken, spaghetti and tomato sauce.

Apart from the poultry, the makings for this dish can be right on your pantry shelf because the recipe utilizes a package of spaghetti dinner with its pasta, sauce and grated cheese.

We tried this recipe adding tomato juice to the sauce; another time we added cooking sherry. We like both additions—so take your choice!

Chicken And Spaghetti Casserole

Ingredients: 1 broiler-fryer (2½ pounds ready-to-cook weight), 1 teaspoon salt, pepper, $\frac{1}{2}$ teaspoon crushed dried oregano, $\frac{1}{4}$ cup olive oil, 1 package spaghetti dinner (containing spaghetti and meatless mushroom sauce and grated cheese), $\frac{1}{2}$ cup tomato juice.

Method: Have chicken cut so there are 2 pieces of breast, 2 wings, 2 drumsticks, 2 second joints and 4 pieces of bony backs. Mix salt, pepper to taste and oregano and rub into chicken pieces. Brown chicken thoroughly in 10- or 12-inch skillet in hot oil. Cook spaghetti according to package directions, but undercook slightly because it will be put into the oven. Add tomato juice to chicken drippings in skillet along with the mushroom sauce from the package; stir over low heat with wooden spoon to get up any browned particles. Turn spaghetti into

greased 2-quart casserole and mix with most of the sauce. Arrange browned chicken over spaghetti; pour remaining sauce over chicken. Sprinkle with grated cheese from the package. Cover and bake in moderate (350 degrees) oven until chicken is tender—45 minutes to 1 hour. Makes four servings.

Quick Tricks
Prepared tomato spaghetti sauce is convenient to have on hand for jigtime dishes. Here are suggestions for using the meatless mushroom variety of sauce.

1. Heat the sauce and spoon into shirred egg dishes. Break 1 or 2 eggs into each dish. Sprinkle well with grated Parmesan or Romano cheese. Bake in a slow (325 degrees) oven until eggs are set as desired.

2. Add drained chunks of tuna fish to the sauce and heat; serve with spaghetti.

3. Cube leftover roast beef and add to the sauce; heat and serve over steamed rice.

4. The sauce may be spooned over fish fillets or steaks that are to be baked. Or the sauce may be heated separately and served with broiled fillets or steak.

5. Heat the sauce and serve with meat loaf. Or add some of the sauce

GOES ON SAFARI FOR FABRICS—NOT ELEPHANTS

By DOROTHY ROE
The Associated Press

When Vera Maxwell goes on safari, she doesn't carry an elephant gun. Instead she takes along her notebooks and color swatches, and the game she brings back is the fruit of the world's looms.

As a great white hunter, Vera is known in most corners of the earth — only she prefers to hunt fabrics instead of tigers. The prizes she brings back to her New York showroom wind up in the wardrobes of American women. Says she:

"I feel about fabrics and colors the way some women feel about diamonds. I love to go poking into out-of-the-way places and discover beautiful cloth being made by craftsmen who work in the old ways handed down to them through generations. Sometimes in a primitive part of the world you find colors and textures that no modern textile mill could duplicate. Hunting them out is my sport and my hobby, as well as my business."

Gets Tweeds, Silks

The Maxwell collection of fall fashions is full of misty Scotch and Irish tweeds, Swiss cottons, Italian and French silks, as a result of the designer's last safari through the mills of Ireland and Scotland and her visits to Zurich, Paris and Rome.

"Lots of my tweeds I get from the Avoca Valley in Ireland, where the three Wynn sisters, aged 81, 82 and 83, turn out dreamy woolen fabrics from an old stone mill close to their beautiful Georgian home. They buy their wool nearby, spin and dye their own yarns and spread it on the picket fence to dry. You can't imagine the thrill of coming suddenly on that little stone mill with the riot of color

Watches Mate Take 17 Sleeping Pills

HOLLYWOOD (AP) — Police said that Percival H. (Perc) Westmore, 52, veteran Hollywood makeup man, gulped a handful of sleeping pills Tuesday night in his home as his wife watched.

Officers termed it an attempted suicide.

Westmore was hospitalized in critical condition.

Officers E. L. Allen and C. A. Jones said Westmore's wife told them her husband called her into the living room of their home high in the Hollywood Hills and then swallowed what she estimated as 17 pills.

She told the officers that her husband had been despondent for several days, but she said she didn't know why.

Westmore was treated at Hollywood Receiving Hospital and transferred to a private sanitarium under the care of his personal physician.

In the last 150 years, treasure-hunters have spent about 1½ million dollars seeking gold and jewels reputed to have been buried on Oak Island in Mahone Bay, Nova Scotia.

In drying yards all around it, and the three little old ladies, erect and dignified, in the midst of it all."

Uses Own Design

Vera also visited the crofters' cottages in Scotland, and worked with the weavers in planning designs and colors. Many of her fabrics are her own design, made up in Scottish mills.

Dyes used for some of the tweeds are made from "crotile," a kind of orange turnip, from fish dye, which turns purple, from beet root and from seaweed.

And these fabrics from the crofters' cottages and the ancient stone mills are used in some of the season's most sophisticated costumes, ranging from daytime suits to evening coats, stepping out in society with the aid of Vera Maxwell.

Washington News Letter

By Jane Eads

The Associated Press

WASHINGTON—Margaret Sanger's name used to be inflammatory to some. In some homes it was as taboo as the subject for which she began pioneering back in 1914—birth prevention.

There were several legal battles over disseminating information on limiting families of couples in low income groups.

Now 73, Mrs. Sanger says her planned parenthood theories have gained wide acceptance in many places but that in her own country they have not kept pace. Even among the "teeming millions" of the Far East, especially in India, she says, the birth rate is lower than in the United States.

The Roman Catholic and some other churches, however, are strongly opposed to her theories.

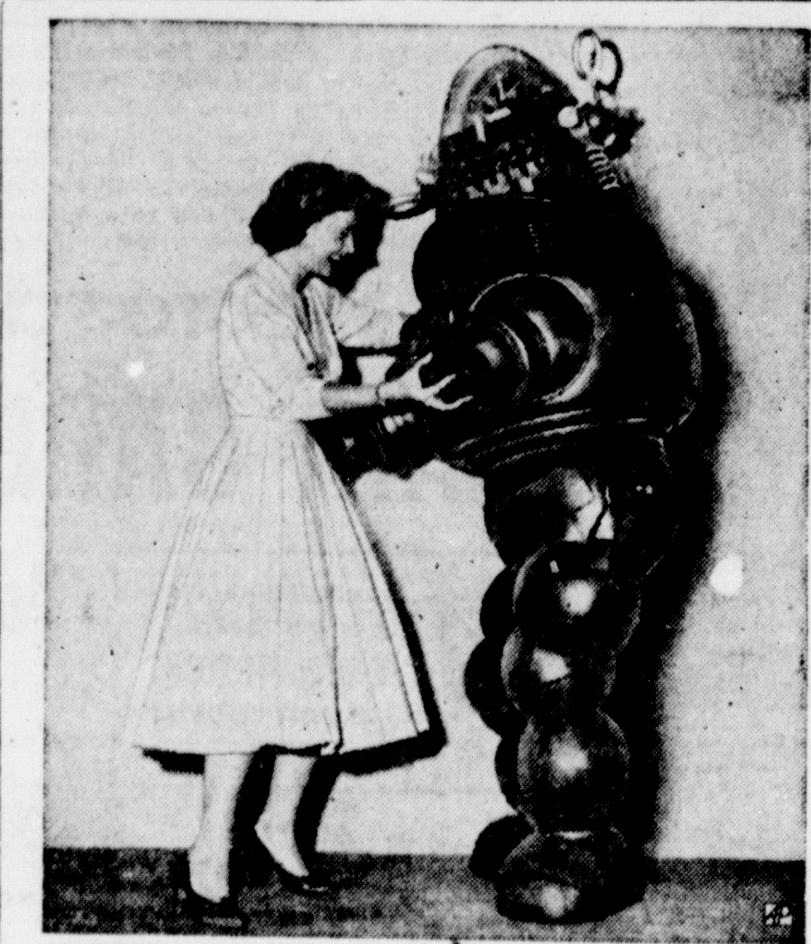

Active Crusader

Still the active crusader, Mrs. Sanger is now president of the International Planned Parenthood Federation. She came to Washington to help its Planned Parenthood Assn. observe its 21st birthday. There are now more than 500 clinics operating in this country, she said, and some southern states distribute the information as a part of their regular public health programs.

But, she added, "all of the Orient is way ahead of us."

Japan, she said, is "going right to the roots, with government-employed midwives going into every little village," and India has appropriated 10 million dollars to bring birth control information to some 2,000 villages. She is confident the program will be extended throughout India.

Mrs. Sanger thinks planned parenthood groups in the United States should work more closely with low-income families, sending workers into low-income housing develop-

ments and other areas to acquaint families with their program and to refer them to doctors.

Mrs. Sanger said she began pioneering for planned parenthood when as a public health nurse she found women dying in childbirth or from abortions. She decided that the way to alleviate these tragedies was to find a way "that women could have babies only when their health and purses permitted." Picking a district with the "poorest people with the lowest income," she set up her first clinic in Brooklyn in 1911.

She has always contended the

BATTLE OF BUGS BEING FOUGHT OVER COUNTRY

RIVERSIDE, Calif. (AP)—A "Battle of the Bugs"—with the nation's food supply at stake — is being fought in fields and orchards across the country.

Agricultural scientists are pitting "good bugs" against "bad bugs" to preserve the balance of nature and achieve permanent control of innumerable species of mites, nematodes and insects which inflict millions of dollars in damage each year on vast and valuable acreages.

The battle sends entomological explorers roaming the world seeking natural enemies of plant pests which have become established in this country.

Imported Pests

Most of the pests were imported, inadvertently, into the United States in shipments from other countries. Unbothered here by their natural enemies, these pests flourished and threatened to wipe out crops.

The University of California's Citrus Experiment Station at Riverside is headquarters in the fight against insects, fungi and virus.

Its bug hunters are constantly seeking species that can be thrown

in as reinforcements in the unceasing battle.

Beneficial Insects

To attain biological control beneficial insects have been brought in from such far places as Japan, China, Australia, Hawaii, Argentina, England, Austria and, the Netherlands.

Billions of these insects are being mass-produced in rearing rooms at the Experiment Station. Then they are released to do their work in the fields.

These are two main categories of beneficial insects — predators and parasites.

Lady Bug Diet

Predators feed on pests, flying or moving from one colony to another. An example of the predator is the ladybug, which eats approximately 50,000 aphids in a lifetime.

Parasites are hatched within a colony of pests. Young parasites feed on the destructive insects. A highly regarded parasite is the tiny golden wasp from China. It is a promising new weapon against red scale which has blighted so many southern California orchards.

Parasitic fungi are being used with success against the spotted alfalfa aphid which in two years has become the most destructive pest of the widely grown forage crop. The alfalfa aphid has spread from New Mexico east to Missouri, west to the Pacific coast and north to Idaho. In California alone, the

yearly damage is estimated at 13 million dollars.

250 Scientists

The 250 scientists working at the experimental station have won a commanding lead over the plant enemies through biological control and other means. But they can't relax the struggle against pests whose objective is to beat man to their common food supply.

Of the battle against enemies, Dr. Herman T. Spleth, provost of the Riverside Campus of the University of California, says:

"United Nations reports show that world population is rising 10 per cent a decade. If there is any hope of keeping up with the new food demands of some 80,000 daily births, it must come by keeping ahead in agricultural research, as we are attempting to do."

FLYING LAWMEN DO MAN-HUNTING BY HELICOPTER

LOS ANGELES (AP) — The ultimate in modern cops and robbers plots reached a climax recently — appropriately near movieland — with the capture from the air of a thug named Melvin Evans.

Evans, hiding out in a remote canyon after shooting a man, suddenly found himself looking up at a helicopter bearing the star of Los Angeles sheriff's office. He scurried deeper into the brush—too late.

Capt. Sewell Griggers set the 'copter down and put a detective armed with a tommygun on a ridge behind Evans. The fugitive surrendered, was brought in, and later was convicted of attempted murder.

Idea Not New

Although Evans, as far as is known, is the first criminal to be successfully tracked, spotted and captured by helicopter, the idea of putting wings on the old sheriff's posse has spread far since Los Angeles organized the nation's first aero detail in 1929. More than 350 law enforcement agencies now have an air arm, but none is as mighty as Los Angeles.

Its strength lies in the 100-plane squadron of expert pilots who stand ready to volunteer their time, skill and aircraft for any task to which the aero detail summons them — and in the slim, 51-year-old airman who leads it.

Capt. Griggers, as head of the aero detail, is the squadron commander, and says of his winged posse: "There isn't any other group in the world that has such an accumulation of flying time."

Includes Generals

The squadron includes two reserve Air Force generals, a retired Air Force general, a retired Marine general, and the chief test pilots of four aircraft plants, and several airlines.

Speed pilot Paul Mantz is a member; so is Charles Correll, and Andy of the Amos 'n Andy radio team. Another 100 applicants are waiting for a vacancy so they can join up.

"We can put everything from jets to Cubs in the air in a matter of minutes," says Griggers who can remember when the aero details had one detail missing—namely planes.

Cloud Airport

That was back in 1933 when Griggers closed up the little airport he had been running since 1926 and joined the sheriff's office in order, as he puts it, "to get a meal ticket" during the depression. The aero detail, then four years old, was a ground-bound, one man outfit charged with enforcing flying regulations by checking out complaints. There was no room for Griggers and he was placed in charge of the pistol range.

The volunteer squadron also got its start in 1933, born as the result of the big earthquake that shook up a large part of the county and adjoining areas. With communications out, planes were needed to survey the damage and coordinate rescue work and private pilots were deputized for the job.

Aero Detail

Griggers finally moved into the aero detail in 1941, by which time the volunteer squadron was losing altitude fast as its members flew off to war. And the detail still had no planes of its own.

Actor Robert Taylor came to the rescue at this point, donating a four-place, single-engine plane to the sheriff's office. The venerable craft is still flying. Movie director Clarence Brown, a squadron member, bestowed another light plane on the detail in 1950, and a year ago it purchased a helicopter to round out its own little force.

In the years since the war, Griggers has startled many a person unaccustomed to having the eagle eye of the law peering down from the skies.

Hard On Playboys

The first to feel the chill gaze were the buoyant, carefree private pilots. Fond of buzzing the houses of girl friends or scaring the daylights out of ocean bathers by skimming the waves, the flyers found it hard to believe they were no longer as free as the birds.

"We had eight of them in jail at one time," Griggers said. "They were all doing from 30 to 90 days. Didn't have much trouble after that."

The volunteer squadron does most of its flying in search of downed or missing aircraft. A map in Griggers' office has 109 pins spotting accidents — most of them in the San Gabriel Mountains — which Griggers and his men have found, and from which they have removed 261 bodies and 30 survivors.

Judge Gives Okay To Baby Sitting

VENTURA, Calif. (AP) — An attorney here, William Selby, recently was discussing remarks of judges that had been held to be prejudicial when appeals were taken.

He recalled that one Los Angeles judge was noted for his biting remarks. On one occasion in this jurist's courtroom a jury reported that it was split 11-1 and would resume deliberations after the dinner hour.

Attorney Selby recalled that the judge said: "Bailliff, take this jury out and buy them 11 dinners and one bale of hay."

In a subsequent appeal this remark was held to be prejudicial and the verdict reversed.

LONDON TALKS ARE EXPECTED TO RECESS SOON

By JOHN M. HIGHTOWER
WASHINGTON (AP)—U.S. officials expect the London disarmament talks to recess in about two weeks without agreement for ending the East-West arms race.

President Eisenhower's new concession to Russia on suspending nuclear tests is regarded here as improving the Western position for negotiating and propaganda. But it does not appear to have broken the basic deadlock.

A White House statement yesterday announced Western readiness to accept conditionally a two-year—instead of a 10-month—suspension of tests. This statement implied that the Soviet Union must now make concessions.

No Red Gestures Seen
There have been no indications the Soviet Union will make any important gesture soon.

On the contrary, Soviet Delegate Valerian Zorin told American, British, French and Canadian representatives yesterday that if they intend seriously to end nuclear tests they must renounce the link between that issue and the Western demand for an agreement to stop production of atomic explosions for military purposes.

Zorin, according to a report to the State Department, welcomed the offer for a two-year test suspension when it was formally presented by U.S. negotiator Harold Stassen with Eisenhower's personal authorization. But news dispatches from London quoted Zorin as saying the new Western proposal contains too many unacceptable conditions. Zorin did, how-

ever, promise to give the proposal careful study.

Most Important Pact

Russia had proposed in mid-June that tests be suspended for two or three years and had then repeatedly attacked the Western insistence on the 10-month period.

An Eisenhower statement described the new Western offer as a significant change in U.S. disarmament policy.

The statement emphasized that any suspension of nuclear weapons tests would be agreed to by the United States and its allies only under "certain conditions and safeguards."

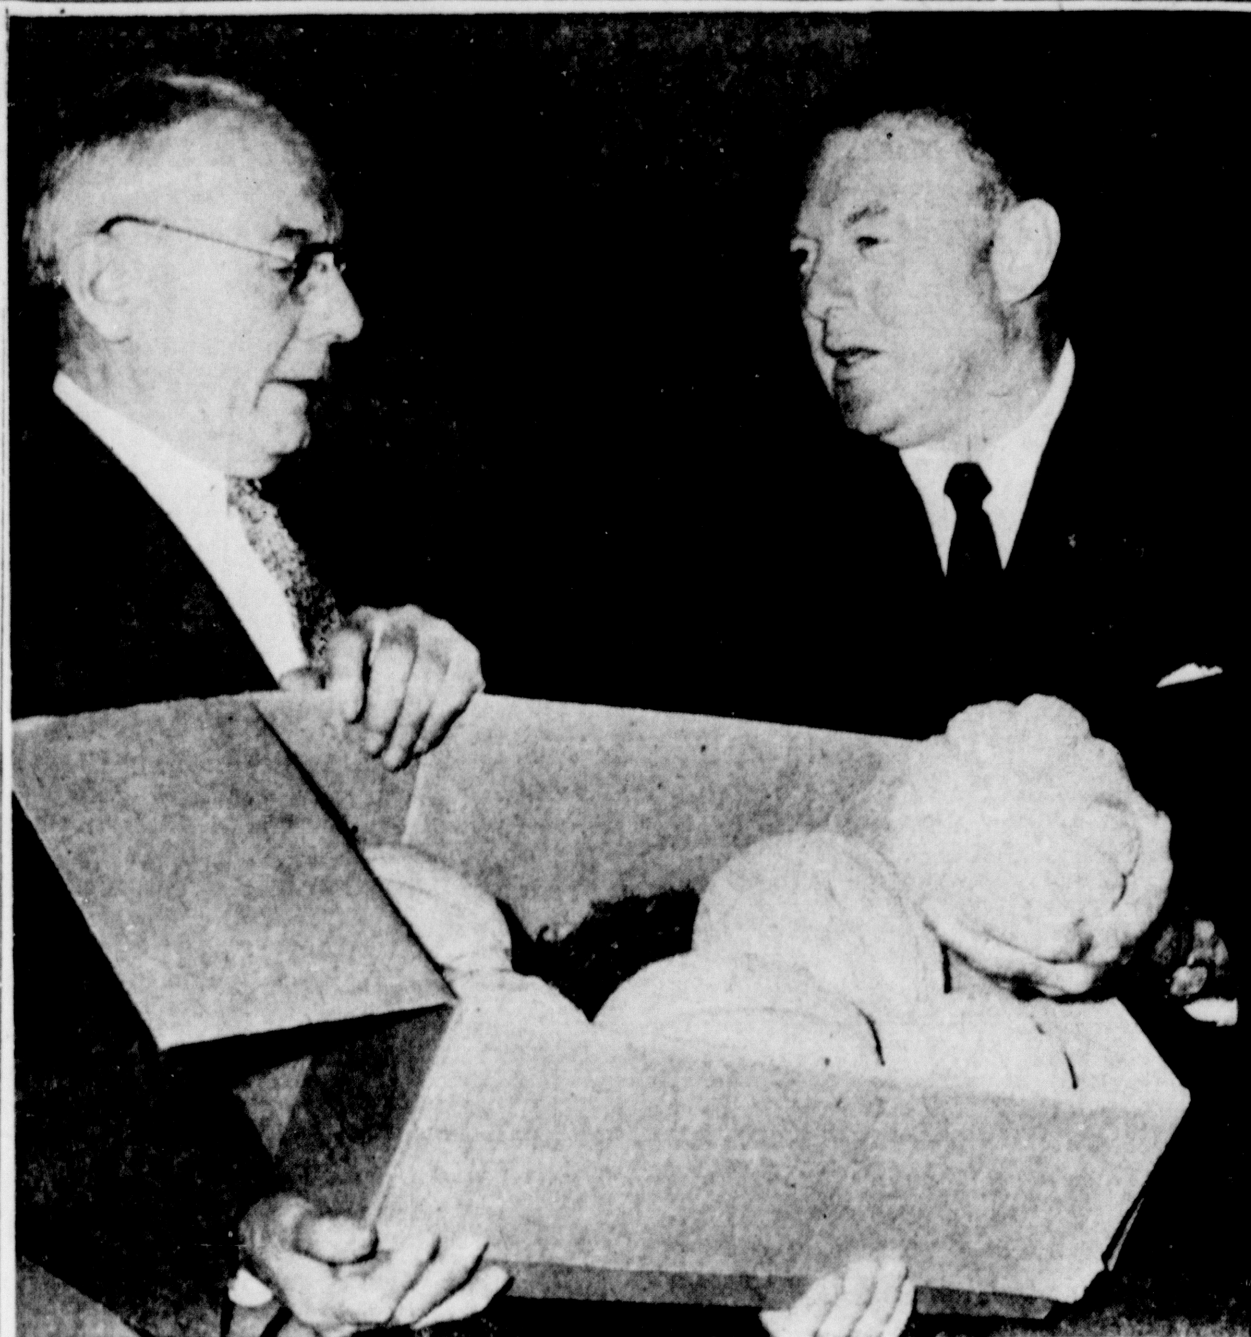

The most important of these conditions, the statement made clear, is that the suspension should be part of an agreement for "a permanent cessation of production of fissionable materials for weapons purposes and installation of inspection systems to insure performance."

Part of Disarmament

U.S. officials, who went beyond the President's statement in explaining the Allied position, said the West is interested in halting atomic tests only as part of a package disarmament deal. Such a package, they said, should include not only the production cut-off and inspection provisions, but also firm agreements on zones for aerial and ground inspection, on reductions in military forces, cut-backs in conventional armaments and control of missiles development.

"I sincerely hope," Eisenhower said, "that the Soviet Union will now join us and our Western colleagues in agreeing to our disarmament proposals, including the cessation of production of fissionable materials for weapons purposes."

Meanwhile, the President said, the United States will continue to conduct nuclear tests "as our security requires."

Congressman S. Walter Stauffer, of the York-Adams-Cumberland District, is shown presenting to Earl D. Chesney, White House presidential secretary, a crate of melons. The gift is from Emore Lehman, Dunkard Valley farmer, for President and Mrs. Eisenhower.

RULES DEATH A SUICIDE
LONDON (AP)—A coroner decided that Sir Winston Churchill's son-in-

law, Anthony Beauchamp, killed himself with sleeping tablets.

After a 19-minute inquest into the death Sunday of the 39-year-old society photographer, the motive was still a mystery.

Some friends had hinted he was despondent over finances.
